

Subject: Expression of Interest: Proposal for New Technology and Innovation of our sugar industries.

We, a consortium of 23 co-operative sector sugar industries in Uttar Pradesh, are reaching out with an exciting opportunity for innovative and profitable equipments in the sugar industry. Our collective legacy is rooted in tradition, with sugar plants ranging from 1250 TCD to 5000 TCD in crushing capacity.

Our Vision:

Our primary objective is to upgrade our existing facilities, which are currently of outdated technology, into dynamic profit-oriented. To achieve this, we are seeking visionary entrepreneurs who can guide us in our aim to adopt recent technological developments and market trends.

Call for Proposals:

We are reaching out to original equipment manufacturers and experts who can provide cutting-edge technology and technical assistance for the equipment supplied. We request interested parties to prepare a presentation of 10 to 15 minutes detailing their equipment, practical utility, and feasible payback period. Please send your interest to our email address: gmtechfed@gmail.com and upsugarfed@yahoo.co.in.

Next Steps:

Following our review, we will invite suitable organizations/firms for a 30-minute discussion. This session will be scheduled via email and can be conducted through video conferencing or in person at our office:
