5. Swiss Challenge Method

In order to promote transparency in competitive bidding process and facilitate price discovery of assets, Swiss Challenge Method (SCM) allows third parties to make better offers for assets during a designated period with simple objective to discourage frivolous Bidders or to avoid bidding below the Expected Price. Then accordingly, the original Bidder gets the right to counter-match (“Right to first refusal”) any superior offer given by a third party.

Swiss Challenge Method (SCM) will be adopted for identifying the true realizable value of the Sugar Mills, in case the Financial Bid received is below the Expected price but above 50% of the Expected Price fixed for the Mill.

If single financial bid is received in respect of any Mill, even if it is above the expected price, Registrar may adopt SCM for discovery of realistic Value:

5.1 Swiss Challenge Method

1. In case the highest financial bid received for purchase of Mill is below the Expected Price but above 50% of the Expected Price, the Registrar may apply Swiss Challenge Method (SCM). The Highest Financial Bid (H1) would continue to remain valid till the conclusion of the SCM process. The Registrar, under SCM, would issue a public notice inviting fresh bids for the sale of Mill. The highest financial bid received shall be disclosed and a period of 30-45 days would be given for due diligence and submission of fresh bids. The fresh bids under the SCM process cannot be less than the disclosed highest financial bid received. All original bidders excluding the original highest bidder shall also be eligible to submit fresh bids under the SCM process.
2. As per SCM, the original highest bidder shall have the right of first refusal to matching the highest financial bid received in the fresh bidding process under the SCM. In case the right of first refusal is not exercised by the original highest bidder (H1), the highest bidder in fresh bidding process (Challenger) under SCM shall have the right to purchase the Mill. The original highest bidder (H1) would have to exercise the right of first refusal within a period of 15 days from the date of receipt of notice from the Registrar. In case no fresh bid is received under the SCM process, the Registrar may consider the bid of the original highest bidder even though it is lower than the Expected Price.
3. In case the highest bidder (H1) in fresh bidding under SCM refuses to purchase the Mill, after original highest bidder has not exercised his right of first refusal, the bid security of the highest bidder in fresh bidding (Challenger) under SCM shall be forfeited.
