SECTION I : INSTRUCTIONS TO BIDDERS (ITB)
(A) THE E-BID DOCUMENT

- 1- Cost of e-Bid
- a) The bidder shall bear all costs associated with the preparation and submission of its e-Bid and U.P. Co-operative Sugar Factories Federation Ltd, Lucknow hereinafter, referred to as “the Federation”, will in no case be responsible or liable for these costs, regardless of the conduct or outcome of the e-Bid process.
 - b) This tender document is available on the web site <https://etender.up.nic.in> and www.upsugarfed.org to enable the bidders to view, download the e-Bid document and submit e-Bids online up to the last date and time mentioned in e-Tender notice/e-tender document against this e-Tender. The bidders shall have to pay e-Tender document fee as mentioned in the Tender Notice through RTGS/NEFT/ NET BANKING payable in favor of U.P. Co-operative Sugar Factories Federation Ltd, Lucknow. The scanned copy of the payment details must be enclosed along with the e-Bids. This e-tender document fee as mentioned in the Tender Notice will be non-refundable.
- 2- Contents of e-Bid Document
- 2.1 The scope of work; e-Bid procedure and contract terms and conditions etc are prescribed in the e-Bid document. The e-Bid document includes:
Invitation for e-Bid
- | | |
|-------------|--|
| Section I | : Instruction to bidders (ITB); |
| Section II | : Conditions of e-tender/contract(CC), |
| Section III | : Technical e-Bid |
| Section IV | : Financial e-Bid; |
- 2.2 The bidders are expected to examine all instructions, forms, terms and specifications of the e-Bid document. Failure to furnish all information required as per the e-Bid document or submission of e-Bid not responsive to the e-Bid document in every respect will be at the bidder’s risk and may result in rejection of the said e-Bid.
- 3- Clarification of e-Bid Document
- A prospective bidder requiring any clarification of the e-Bid document may raise his/her point of clarification through Bid Management Window after successfully login to the e-Procurement website <https://etender.up.nic.in>. The bidder may seek clarification by posting query in the relevant window after clicking "Seek Clarification" option in the view e-tender details window for e-tender which can be selected through my tender option of e-Bid submission menu. The clarification will be replied back by the Federation through the e-Procurement website which can be read by the bidder through the "Clarification" option under Bid Submission menu. The Federation may also respond to clarifications raised by the prospective bidders on Federation's e-mail address upsugarfed@yahoo.co.in.

4. Amendment of e-Bid Document
 - 4.1 At any time prior to the deadline for submission of e-Bid, the Federation may, for any reason, whether at its own initiative or in response to a clarification requested by a prospective bidder, modify the e-Bid document by amendments. Such amendments shall be uploaded on the e-Procurement website <https://etender.up.nic.in> and Federation's web site www.upsugarfed.org through corrigendum and shall form an integral part of e-Bid document. The relevant clauses of the e-Bid document shall be treated as amended accordingly.
 - 4.2 It shall be the sole responsibility of the prospective bidders to check the web site <https://etender.up.nic.in> and www.upsugarfed.org from time to time for any amendment in the e-tender document. In case of failure to get the amendments, if any, the Federation shall not be responsible for it.
 - 4.3 In order to allow prospective e-Bidders a reasonable time to take the amendment into account in preparing their e-Bids, the Federation, at his discretion, may extend the deadline for the submission of e-Bids. Such extensions shall be uploaded on the e-Procurement website <https://etender.up.nic.in> and Federation's web site www.upsugarfed.org.

(B) PREPARATION OF e-Bid

- 5 Language of e-Bid
- 5.1 The e-Bid prepared by the bidder, as well as all correspondence and documents relating to the e-Bid exchanged by the bidder and the Federation shall be written either in English or Hindi language. The correspondence and documents in Hindi must be accompanied by embedded/separate Hindi font files. Only English numerals shall be used in the e-Bid.
- 6 Documents Constituting the e-Bid
The e-Bid prepared by the bidder shall comprise the following components:
- 6.1 Technical e-Bid - Technical e-Bid will comprise of
- (i) Fee Details- Includes scanned copies of the RTGS / NEFT/ NET BANKINGS for e-tender document processing fee/Cost and e-Bid Earnest Money Deposit furnished in PDF format.
 - (ii) Qualification Details- Includes filled in capability statement form with required documents as per CC clause 1 in PDF format justifying that the bidder is qualified to perform the contract if his/her bid is accepted and that the bidder has financial, technical capabilities necessary to perform the contract and meets the criteria outlined in the Eligibility criteria and Technical Bid and fulfill all the conditions of the Contract as per the e-Bid document.
 - (iii) e-Bid Form – Includes copy of filled in e-Bid Form as per Section-III of e-tender document in PDF format justifying that the bidder is complying with all the conditions of the Contract and Technical Specifications of the e-Bid Document as no deviation will be acceptable to the Federation.
 - (iv) Affidavit - Includes copy of the filled in form of affidavit duly signed by the bidder and notarized in PDF format.
 - (v) Signed copy of the tender document - The bidder shall upload, with the technical bid, copy of the tender document duly signed on every page by the bidder.
- 6.2 Financial e-Bid – Financial e-Bid will comprise of :
- (i) e-Bid Form
Includes copy of the filled in e-bid form as per section IV(A) of the e-tender document in PDF format.
 - (ii) Price Schedule/BOQ (Bill of Quantity) includes Price BOQ in XLS format to be filled in after downloading from the e-Procurement website for this e-tender.
- 7 e-Bid Price
- 7.1 Rate for outsourcing of Technical staff and skilled, unskilled workers for operation for Five co-operative distilleries as per CPCB norms including repair and maintenance of all equipments/machinery during financial year 2024-25 (1.4.2024 to 31.3.2025) as under:-
- i. Three numbers, 30 KLPD capacity distilleries at **Nanauta (Saharanpur), Nanpara (Bahraich), Kaimganj (Farrukhabad)** with DCS based control system consisting of Fed batch fermentation, forced circulation distillation for wash to R.S. and R.S. to MSDH for anhydrous ethanol, methane digester, multiple effect evaporator for methanated spent wash, bagasse/rice husk/bio-gas fired 10.0 TPH boiler, 0.8 MW

gas generator, condensate and water treatment plants, cooling tower, bio-composting on conversion cost basis.

- ii. **Snehroad (Bijnor) distillery 40 KLPD & sathiaon (Azamgarh) distillery 30 KLPD** capacity distillery with incineration boiler, DCS based control system consisting of Fed batch fermentation, Multi pressure distillation, wash to R.S./E.N.A./MSDH for anhydrous ethanol multiple effect evaporator for raw spent wash, bagasse/rice husk/slop fired 12.5/12.0 TPH boiler, 1.2/1.0 MW turbine, condensate and water treatment plants, cooling tower on conversion cost basis.
- 7.2 Prices quoted by the bidder shall be fixed during the bidder's performance of the Contract and not subject to variation on any account subject to ITB Clause 25.1. E-Bid submitted with an adjustable price quotation unless asked for shall be treated as non-responsive and rejected.
 - 8 e-Bid Currencies
Prices shall be quoted in Indian Rupees only.
 - 9 Documents Establishing bidder's Qualification
 - 9.1 Pursuant to ITB Clause 6, the bidder shall furnish, as part of its Technical e-Bid, documents establishing the bidder's qualification to perform the Contract if its e-Bid is accepted. The documentary evidence should be submitted by the bidder electronically in the PDF format.
 - 9.2 The documentary evidence of bidder's qualification to perform the Contract if its e-Bid is accepted shall be as per Qualification Requirements specified in section II clause 1.
 - 10 Pursuant to ITB Clause 6, the bidder shall furnish, as part of its e-Bid, documents establishing the conformity to the e-Bid documents of all jobs which the bidder proposes to undertake as per the tender document conditions. The documentary evidence should be in the PDF file format.
 - 11 e-Bid Earnest Money Deposit (EMD) Rs. 10 lakh for each distillery. If a bidder want to quote for more than one distillery, he has to deposit EMD Rs 10.00 lakh multiplied by no. of distilleries quoted.
 - 11.1 Pursuant to ITB Clause 6, the bidder shall furnish, as part of its e-Bid, an e-Bid EMD as mentioned in Tender Notice in form of RTGS / NEFT/ NET BANKING, in favor of The U.P. Co-operative Sugar Factories Federation Ltd. Payable at Lucknow. The scanned copy of the payment details must be enclosed along with the e-Bids.
 - 11.2 The e-Bid E.M.D is required to protect the Federation against the risk of bidder's conduct, which would warrant the EMD's forfeiture, pursuant to ITB Clause 11.7.
 - 11.3 The e-Bid E.M.D shall be in Indian Rupees and shall be in the following forms only: A RTGS/NEFT/ NET BANKING payable in favor of UP Co-operative Sugar Factories Federation Ltd. Payable at Lucknow.
 - 11.4 Any e-Bid not secured in accordance with ITB Clauses 11.1 and 11.3 above shall be treated as non-responsive and rejected by the Federation.
 - 11.5 The name of the Bidder, Bid Prices etc. shall be announced at the meeting. The commercial Quotes of the lowest Bidder shall be notified, as L-1. The rates offered by the L-1 shall be taken first into consideration. Normally One Bidder can undertake the contract order for maximum of Two Distilleries. However, this may vary as per the Tender committee decision.
 - 11.6 EMD of Unsuccessful bidder except L-1 and L-2 will be returned after execution of Agreement with L-1, upon the written request as promptly as possible.

11.7 The e-Bid E.M.D may be forfeited:

- (a) if a bidder (i) withdraws its e-Bid during the period of e-Bid validity specified by the bidder on the e-Bid Form; or (ii) does not accept the correction of errors pursuant to ITB Clause 22.2; or (iii) modifies its e-Bid price during the period of e-Bid validity specified by the bidder on the e-Bid form or
- (b) in case of a successful bidder, if the bidder fails:
 - (i) To sign the Contract/Agreement with the Distillery within 15 days from the date of Award/order Place.

12 Period of Validity of e-Bid

- 12.1 e-Bid shall remain valid up to 90 days after the date of e-Bid opening prescribed by the Federation. An e-Bid valid for a shorter period shall be rejected by the Federation as non-responsive.
- 12.2 In exceptional circumstances, the Federation may solicit the bidder's consent to an extension of the period of e-Bid validity. The request and the response thereto shall be made in writing. A bidder may refuse the request without forfeiting its e-Bid security. A bidder granting the request will not be required nor permitted to modify its e-Bid.

13 Format and Signing of e-Bid

- 13.1 The bidder shall prepare one electronic copy each of the Technical e-Bid and Financial e-Bid separately.
- 13.2 The e-Bid document shall be digitally signed, at the time of uploading, by the bidder or a person or persons duly authorized to bind the bidder to the Contract. The letter authorization shall be indicated by a scanned copy of written power-of-attorney accompanying the e-Bid. All the pages/ documents of the e-Bid that are to be uploaded shall be digitally signed by the person authorized to sign the e-Bid.

14. Submission of e-Bid:

The Bid Submission module of e-Procurement website <https://etender.up.nic.in> enables the bidders to submit the e-Bid online in response to this e-tender published by the Federation. Bid Submission can be done only from the Bid Submission start date and time till the Bid Submission end date and time given in the e-tender. Bidders should start the Bid Submission process well in advance so that they can submit their e-Bid in time. The bidders should submit their e-Bid considering the server time displayed in the e-Procurement website. This server time is the time by which the e-Bid submission activity will be allowed till the permissible time on the last/end date of submission indicated in the e-tender schedule. Once the e-Bid submission date and time is over, the bidders cannot submit their e-Bid. For delay in submission of e-Bid due to any reasons, the bidders shall only be held responsible.

The bidders have to follow the following instructions for submission of their e-Bid:

- 14.1 For participating in e-Bid through the e-tendering system, it is necessary for the bidders to be the registered users of the e-Procurement website <https://etender.up.nic.in>. The bidders must obtain a User Login Id and Password by

registering themselves with U.P. Electronics Federation Limited, Lucknow if they have not done so previously for registration. Refer to details given in Invitation for e-Bid Clause 10.

- 14.2 In addition to the normal registration, the bidder has to register with his/her Digital Signature Certificate (DSC) in the e-tendering system and subsequently he/she will be allowed to carry out his/her e-Bid submission activities. Registering the Digital Signature Certificate (DSC) is one-time activity. Before proceeding to register his/her DSC, the bidder should first log on to the e-tendering system using the User Login option on the home page with the Login Id and Password with which he/ she has registered as per clause 15.1 above.

For successful registration of DSC on e-Procurement website <https://etender.up.nic.in> the bidder must ensure that he/she should possess Class-2/ Class-3 DSC issued by any certifying authorities approved by Controller of Certifying Authorities, Government of India, as the e-Procurement website [https:// etender.up.nic.in](https://etender.up.nic.in) is presently accepting DSCs issued by these authorities only. The bidder can obtain User Login Id and perform DSC registration exercise as described in clauses 15.1 and 15.2 above even before e-Bid submission date starts. The Federation shall not be held responsible if the bidder tries to submit his/her e-Bid at the last moment before end date of submission but could not submit due to DSC registration problem.

- 14.3 The bidder can search for active tenders through "Search Active tenders" link, select a tender in which he/she is interested in and then move it to 'My Tenders' folder using the options available in the e-Bid Submission menu. After selecting and viewing the tender, for which the bidder intends to e-Bid, from "My Tenders" folder, the bidder can place his/her e-Bid by clicking "Pay Offline" option available at the end of the view tender details form. Before this, the bidder should download the e-tender document and Price Schedule/Bill of Quantity (BOQ) and study them carefully. The bidder should keep all the documents ready as per the requirements of e-tender document in the PDF format except the Price Schedule/Bill of Quantity (BOQ) which should be in the XLS format (Excel sheet).
- 14.4 After clicking the 'Pay Offline' option, the bidder will be redirected to the Terms and Conditions page. The bidder should read the Terms & Conditions before proceeding to fill in the Tender Fee and EMD offline payment details. After entering and saving the Tender Fee and EMD details, the bidder should click "Encrypt & Upload" option given in the offline payment details form so that "Bid Document Preparation and Submission" window appears to upload the documents as per Technical (Fee details, Qualification details, e-Bid Form and Technical Specification details) and financial (e-Bid Form and Price Schedule/BOQ) schedules/packets given in the tender details. The details of the RTGS / NEFT/ NET BANKING or any other accepted instrument which is to be physically sent in original before opening of technical e-Bid, should tally with the details available in the scanned copy and the data entered during e-Bid submission time otherwise the e-Bid submitted will not be accepted.
- 14.5 Next the bidder should upload the Technical e-Bid documents for Fee details (e-tender fee and EMD), Qualification details as per "ITB Clause 10 and 11, e-Bid Form as per "Section-III(A)", Affidavit, "Section IIIB", signed copy of the tender

document and Financial e-Bid documents as per "Section-IV(A): e-Bid Form" and "Section-IV(B): Price Schedule/BOQ" of e-tender document. Before uploading, the bidder has to select the relevant Digital Signature Certificate. He may be prompted to enter the Digital Signature Certificate password, if necessary. For uploading, the bidder should click "Browse" button against each document label in Technical and Financial schedules/packets and then upload the relevant PDF/XLS files already prepared and stored in the bidder's computer. The required documents for each document label of Technical (Fee details, Qualification details, e-Bid Form and Technical Specification details) and financial (e-Bid Form and Price Schedule/BOQ) schedules/packets can be clubbed together to make single different files for each label.

- 14.6 The bidder should click "Encrypt" next for successfully encrypting and uploading of required documents. During the above process, the e-Bid documents are digitally signed using the DSC of the bidder and then the documents are encrypted/locked electronically with the DSC's of the bid openers to ensure that the e-Bid documents are protected, stored and opened by concerned bid openers only.
- 14.7 After successful submission of e-Bid document, a page giving the summary of e-Bid submission will be displayed confirming end of e-Bid submission process. The bidder can take a printout of the bid summary using the "Print" option available in the window as an acknowledgement for future reference.
- 14.8 Federation reserves the right to cancel any or all e-Bids without assigning any Reason.
- 15 Deadline for Submission of e-Bid
- 15.1 e-Bid (Technical and Financial) must be submitted by the bidders at e-Procurement website <https://etender.up.nic.in> not later than time **13.03.2024 up to 8.55** A.M and the date as mentioned on page 4 (as the server time displayed in the e-Procurement website).
- 15.2 The Federation may, at its discretion, extend this deadline for submission of e-Bid by amending the e-Bid document in accordance with ITB Clause 4, in which case all rights and obligations of the Federation and bidders previously subject to the deadline will thereafter be subject to the deadline as extended.
- 16 Late e-Bid
- 16.1 The server time indicated in the Bid Management window on the e-Procurement website <https://etender.up.nic.in> will be the time by which the e-Bid submission activity will be allowed till the permissible date and time scheduled in the e-tender. Once the e-Bid submission date and time is over, the bidder cannot submit his/her e-Bid. Bidder has to start the Bid Submission well in advance so that the submission process passes off smoothly. The bidder will only be held responsible if his/her e-Bid is not submitted in time due to any of his/her problems/faults, for whatsoever reason, during e-Bid submission process.
- 17 Withdrawal and Resubmission of e-Bid
- 17.1 At any point of time, a bidder can withdraw his/her e-Bid submitted online before the bid submission end date and time. For withdrawing, the bidder should first log in using his/ her Login Id and Password and subsequently by his/her Digital Signature Certificate on the e-Procurement website <https://etender.up.nic.in>. The bidder should then select "My Bids" option in the Bid Submission menu. The page listing all the bids submitted by the bidder will be displayed. Click "View" to see the details of the

- e-Bid to be withdrawn. After selecting the "Bid Withdrawal" option, the bidder has to click "Yes" to the message "Do you want to withdraw this bid?" displayed in the Bid Information window for the selected bid. The bidder also has to enter the bid Withdrawing reasons and upload the letter giving the reasons for withdrawing before clicking the "Submit" button. The bidder has to confirm again by pressing "Ok" button before finally withdrawing his/her selected e-Bid.
- 17.2 The bidder has to request the Federation with a letter, attaching the proof of withdrawal and submission of e-Bid EMD in the office of Federation, to return back the e-Bid security/EMD as per the manual procedure.
 - 17.3 No e-Bid can be withdrawn in the interval between the deadline for submission of e-Bids and the expiration of period of e-Bid validity. Withdrawal of an e-Bid during this interval may result in the bidder's forfeiture of his/her e-Bid E.M.D/Security, pursuant to ITB Clause 11.8.
 - 17.4 The bidder can re-submit his/her e-Bid as and when required till the e-Bid submission end date and time. The e-Bid submitted earlier will be replaced by the new one. The payment made by the bidder earlier will be used for revised e-Bid and the new e-Bid submission summary generated after the successful submission of the revised e-Bid will be considered for evaluation purposes. For resubmission, the bidder should first log in using his/her Login Id and Password and subsequently by his/her Digital Signature Certificate on the e-Procurement website <https://etender.up.nic.in>. The bidder should then select "My Bids" option in the Bid Submission menu. The page listing all the bids submitted by the bidder will be displayed. Click "View" to see the details of the e-Bid to be resubmitted. After selecting the "Bid Resubmission" option, click "Encrypt & Upload" to upload the revised e-Bid documents by following the methodology provided.
 - 17.5 The bidders can submit their revised e-Bids as many times as possible by uploading their e-Bid documents within the scheduled date & time for submission of e-Bids.
 - 17.6 No e-Bid can be resubmitted subsequently after the deadline for submission of e-Bids.

(C) e-Bid OPENING AND EVALUATION OF e-Bid

18(A) Opening of Technical e-Bid by the Federation

18.A-1 The Federation will open all technical e-Bids, in the presence of bidder's authorized representatives who choose to attend at 11:00 AM on 13.03.2024 U.P. Co-operative Sugar Factories Federation Ltd, 9-A, Rana Pratap Marg, Lucknow. The bidder's representatives who are present shall sign a register evidencing their attendance. In the event of the specified date of e-Bid opening being declared a holiday for the Federation, the e-Bids shall be opened at the appointed time and place on the next working day.

18.A-2 The bidder's names and the presence or absence of requisite e-Bid EMD and such other details as the Federation at its discretion may consider appropriate, will be announced at the opening. The name of such bidders not meeting the Technical Specifications and qualification requirement shall be notified subsequently.

18.A-3 The Federation will prepare minutes of the e-Bid opening.

18 A-4 Managing Director reserves the right to postpone the date and time of opening of Technical & Financial E-Bid in unavoidable circumstances and all the bidders will be informed.

18(B) Opening of Financial e-Bid

18 B-1 After evaluation of technical e-Bid, the Federation shall notify those bidders whose technical e-Bids were considered non-responsive to the Conditions of the Contract and not meeting the technical specifications and Qualification requirements indicating that their financial e-Bids will not be opened. The Federation will simultaneously notify the bidders, whose technical e-Bids were considered acceptable to the Federation. The notification may be sent by letter, fax or by e-mail or may be announced in the bid opening meeting itself.

B-2 The financial e-Bids of technically qualified bidders shall be opened on 13.03.2024 at 03:00 PM in the presence of bidders who choose to attend the opening of financial bid. The name of bidders, their tender rates shall be announced at the meeting.

B-3 The Federation will prepare the minutes of the e-Bid opening.

19 Clarification of e-Bid

19.1 During evaluation of e-Bid, the Federation may, at its discretion, ask the bidder for a clarification of his/her e-Bid. The request for clarification and the response shall be in writing.

20 Evaluation of technical e-Bid and Evaluation Criteria

The Federation will examine the e-Bid to determine whether they are complete, whether they meet all the conditions of the Contract, whether required eligibility criteria (Section I (D)) of e-tender and fee, e-Bid EMD and other required documents have been furnished, whether the documents have been properly digitally signed, and whether the e-Bids are generally in order. Any e-Bid or e-Bids not fulfilling these requirements shall be rejected.

- 21 Financial Evaluation and Comparison of e-Bid7
- 21.1 The Federation will evaluate and compare the financial tender rates (Total price i.e. price for commissioning plus price for normal operation and maintenance including taxes) quoted in the BOQ of e-Bids of those bidders whose technical e-Bids are found responsive as per the conditions of the e-tender and have been technically accepted by the Federation.
- 21.2 No additional payments shall be made for completion of any contractual obligation beyond the quoted prices. If the Contractor does not accept the correction of errors if any, its e-Bid shall be rejected and its e-Bid security may be forfeited.
- 21.3 No weightage / preference shall be given to the bidder quoting any higher technical specifications against the technical specifications of the items asked in the e-tender.
- 21.4 Bidders shall quote their rates in figures and in words. Rates quoted with additional conditions shall not be considered and such offer shall be rejected.
- 21.5 The Financial Bids will be opened by Tender Evaluation committee (TEC) in the presence of Bidders' representatives (only one) who choose to attend the Financial Bid opening on date and time to be communicated to all the technically qualified Bidders. The Bidder's representatives who are present shall sign a register evidencing their attendance.
The name of Bidder, Bid Prices etc shall be announced at the meeting. The commercial quotes of the lowest Bidder shall be notified as L-1.
- 21.6 In case L-1 offers to undertake the complete order all jobs as specified in tender document as per the schedule by the Tender Evaluation committee (TEC) then L-1 shall be contracted to execute the complete order. All jobs details in BOQ will be allotted to single service provider. Comparison of financial bid will be done on the basis of all jobs on consolidated basis.
- 21.7 EMD of the unsuccessful bidder except L-1 and L-2 will be refunded after L-1 is declared. EMD of L-2 will be refunded after execution of agreement with L-1.
22. Contacting the Federation
- 22.1 Subject to ITB Clause 20, no bidder shall contact the Federation on any matter relating to his/her e-Bid, from the time of the e-Bid opening to the time the Contract is awarded. If the bidder wishes to bring additional information to the notice of the Federation, he/she can do so in writing.
- 22.2 Any effort by a bidder to influence the Federation in its decisions on e-Bid evaluation, e-Bid comparison or contract award may result in rejection of the bidder's e-Bid.

(D) AWARD OF CONTRACT

- 23 Award Criteria
- 23.1 The Federation will determine to its satisfaction whether the bidder(s) that is selected as having submitted the lowest rate (L-1) evaluated responsive bid meets the criteria specified and is qualified to perform the contract satisfactorily.
- 24 Federation's right to vary the jobs at the Time of Award.

- 24.1 If GST increased/ decreased by the Government during the contract period, the same shall be adjusted mutually after submitting the proof by the successful bidder to the Federation.
- 25 Federation's right to accept any e-Bid and to reject any or all e-Bids
- 25.1 The Federation reserves the right to accept or reject any or all e-Bids, or annul the e-Bid process without assigning any reason thereof any time prior to award of contract, without thereby incurring any liability to the affected bidder or bidders. The Federation may allot one Contractor or split up, divide or distribute the work in any manner among two or more bidders without assigning any reason.
- 26- Notification of Award
- 26.1 The Federation will notify the successful bidder by issuing letter of intent, that its e-Bid has been accepted. Normally it will be informed within 30 days after opening of E-commercial/financial bid except in unavoidable circumstances.
- 26.2 The notification of award will constitute the formation of the Contract.
- 27- Signing of Contract
- The successful bidder will sign contract agreement with the General Manager of Distillery Unit within 15 days of the award of contract.
- 28- Prospective bidders are advised to visit the Distillery with prior intimation to the General Manager to access the actual status of Plant & Machinery and other Local Conditions before quoting the Price.
- 28.1 Prospective bidders are also advised to study all technical and commercial aspects, instructions, forms, terms and conditions & specifications carefully in the tender document. Failure to furnish all information required in the Tender Document or submission of a bid not substantially responsive to the Tender document in every respect will be at the service provider's risk and may result in the rejection of the bid.

SECTION –II CONDITIONS OF E-TENDER CONTRACT

On line E-tenders are invited for outsourcing of Technical staff and skilled, unskilled workers for operation for Five co-operative distilleries as per CPCB norms including , repair and maintenance of all equipments/machinery during financial year 2024-25 (1.4.2024 to 31.3.2025) as under:-

- i. **Three** numbers, 30 KLPD capacity distilleries at **Nanauta (Saharanpur), Nanpara (Bahraich), Kaimganj (Farrukhabad)** with DCS based control system consisting of Fed batch fermentation, forced circulation distillation for wash to R.S. and R.S. to MSDH for anhydrous ethanol, methane digester, multiple effect evaporator for methanated spent wash, bagasse/rice husk/bio-gas fired 10.0 TPH boiler, 0.8 MW gas generator, condensate and water treatment plants, cooling tower, bio-composting on conversion cost basis.
- ii. **Snehroad (Bijnor) distillery 40 KLPD & sathiaon (Azamgarh)** distillery 30 KLPD capacity distillery with incineration boiler, DCS based control system consisting of Fed batch fermentation, Multi pressure distillation, wash to R.S./E.N.A./MSDH for anhydrous ethanol multiple effect evaporator for raw spent wash, bagasse/rice husk/slop fired 12.5/12.0 TPH boiler, 1.2/1.0 MW turbine, condensate and water treatment plants, cooling tower on conversion cost basis.

1- Eligibility criteria for the bidder

- 1.1 The bidder should be a private / public limited company or partnership firm.
- 1.2 **Nanauta, Nanpara & Kaimganj** distilleries are working on bio-composting method to achieve zero liquid discharge, the bidder must have experience of successful operation and maintenance of distillery having similar specification of plant & machinery as in these Bio-Compost based distillery for one year during the period of last three years.
For **Sathiaon and Snehroad** distilleries, the bidder must have experience of successful operation and maintenance of distillery having similar specification of plant & machinery as in these DCS controlled Incineration based distillery for one year during the period of last three years.
The bidder must enclose performance certificate from the client.
- 1.3 The bidder should have a team of technically sound and competent employees to undertake maintenance and operation work of DCS based distillery with ZLD system, incineration boiler/bio-gas generator etc. for smooth, full capacity operation with efficiencies/norms. Details of manpower bank will be submitted in technical bid.
- 1.4 The company/Firm should be registered with the competent authorities like labor commissioner/PF Commissioner etc. so as to meet all statutory/obligatory, mandatory requirements under the applicable acts/rules.
- 1.5 The bidder should not have been blacklisted or engaged in Legal proceedings by any organization due to not satisfactory performance.
- 1.6 The bidder will have to submit copies of GST, PF Registration, PAN card and latest Income Tax Return in Technical Bid. (whichever is applicable)

- 1.7 The bidder is required to enclose in technical bid, copies of past work orders & Satisfactory performance Certificate etc. as a proof of work experience with latest list of technical staff with qualification and experience.
- 1.8 The company/firm should have positive networth and Minimum Turnover of Rs. 4.00 Crores (Rs. Four Crores only) in the previous year 2022-23 or total Rs. 8.00 Crores (Rs. Eight crores only) in last consecutive three previous years.

1.9 Documents to be scanned and uploaded by Bidder with Technical Bid:

- a. Documentary proof for successful operation and maintenance of distillery as per point no 1.2 of eligibility conditions with manpower strength proof.
- b. For verification of performance certificate, bidder have to submit related tax invoices and certified copy of bank statement reflecting payment received from the concerned distillery.
- c. E-bid Document Fees of Rs. 10,000/- + GST
- d. EMD of Rs. 10.00 lacs for each distillery.
- e. Authorization Letter
- f. Certificate of Total Turnover of Rs.4.00 crore in the previous year 2022-23 or total turnover Rs. 8.00 crores in last three consecutive previous years.
- g. Audited Balance Sheet of last three consecutive previous years.
- h. Income Tax return of last three consecutive previous years.
- i. Copy of PAN card and GSTN Certificate.
- j. Documentary proof of the status of the company along with names of Directors/Partners/Proprietor.
- k. Affidavit that bidder is not blacklisted. (as attached with tender document)

2.0 Scope of Work :

On line E-tenders are invited for outsourcing of Technical staff and skilled, unskilled workers for operation for Five co-operative distilleries as per CPCB norms including , repair and maintenance of all equipments/machinery during financial year 2024-25 (1.4.2024 to 31.3.2025) as under:-

- i. Three numbers, 30 KLPD capacity distilleries at **Nanauta (Saharanpur), Nanpara (Bahraich), Kaimganj (Farrukhabad)** with DCS based control system consisting of Fed batch fermentation, forced circulation distillation for wash to R.S. and R.S. to MSDH for anhydrous ethanol, methane digester, multiple effect evaporator for methanated spent wash, bagasse/rice husk/bio-gas fired 10.0 TPH boiler, 0.8 MW gas generator, condensate and water treatment plants, cooling tower, bio-composting on conversion cost basis.
- ii. **Snehroad (Bijnor) distillery 40 KLPD & sathiaon (Azamgarh) 30 KLPD** capacity distillery with incineration boiler, DCS based control system consisting of Fed batch fermentation, Multi pressure distillation, wash to R.S./E.N.A./MSDH for anhydrous ethanol multiple effect evaporator for raw spent wash, bagasse/rice husk/slop fired 12.5/12.0 TPH boiler, 1.2/1.0 MW turbine, condensate and water treatment plants, cooling tower on conversion cost basis.

The bidder will be responsible for operation & maintenance of every equipment and machinery of distillery to produced alcohol as per prevailing norms of excise, CPCB/NGT/PCBs during operation days and repair & maintenance of complete distilleries during operation and during annual closure (July to September) for bio composting distilleries. There will not be any annual closure /stoppage in Snehroad and Sathiaon distillery.

The scope of work is for smooth running of the distillery plant with full efficiency parameters-fuel consumption, plant capacity utilization, quality of the product and marketing of bio-compost as per norms laid down by Ministry of Agriculture of India, Government of India. Operation and maintenance of the distillery will involve all jobs required for operation of distillery from molasses receiving end to final product storage having zero liquid discharge as per norms and ash disposal.

The Transport of Press-mud from allied sugar mill to Bio compost yard of distillery and packing of bio compost in bags as per need will be in the scope of party (Except Snehroad and Sathiaon Distillery). The boiler ash will be disposed-off at designated place.

1. Carrying out preventive maintenance activities of whole distillery plant including power generation, ETP, CPU, light up the boiler and other related works during operational days and shut down months.
2. Checking of all agreed quality parameters and to take necessary steps to ensure that production of rectified spirit/ENA/Ethanol (as and where applicable) is within agreed parameters.
3. Arrangement of all types of tools and tackles at its own level & shall be arranged by bidder.
4. Successful bidder will be responsible for all the damages of plant and machinery during operation and maintenance.
5. SUCCESSFUL BIDDER would be completely responsible for the safety of its employees and shall take all steps required under the laws or otherwise in this

direction, U.P. Cooperative Sugar Factories Federation Ltd. concerned distillery/concerned factory shall not be responsible for any claim or compensation for the staff engaged by SUCCESSFUL BIDDER.

6. SUCCESSFUL BIDDER shall follow and comply with all statutory requirements e.g. provident Fund, Factories Act, ESI and Minimum Wages Act etc.
7. Responsibility of maintenance of all equipment and accessories thereof required for operation of the plant will be in the scope of SUCCESSFUL BIDDER.
8. Performance parameter for distillery operation: - SUCCESSFUL BIDDER would be responsible to give following production and technical efficiency targets in respect of various main parameters :

S.N.	<u>Distilleries with bio composting</u>	PRODUCT	Total Minimum Target of alcohol Production (Lakh Bulk Litre)
2	Nanauta	(on C-heavy molasses) RS	7.50
		(on B-heavy molasses) RS	8.25
		(on operation of ethanol & RS plant Simultaneously)	
		(on C-heavy molasses) Ethanol	5.00
4	Kaimganj	(on B-heavy molasses) Ethanol	5.50
		(on operation ethanol plant separately)	
		(on C-heavy molasses) RS	7.50
		(on B-heavy molasses) RS	8.25
6	Nanpara	(on operation of ethanol & RS plant Simultaneously)	
		(on C-heavy molasses) Ethanol	5.00
		(on B-heavy molasses) Ethanol	5.50
		(on operation ethanol plant separately)	
<u>Distilleries with Incineration Boilers</u>			
7	Sathiaon	(on C-heavy molasses) Ethanol	7.50
		(on B-heavy molasses) Ethanol	8.25
8	Snehroad	(on C-heavy molasses) Ethanol	9.00
		(on B-heavy molasses) Ethanol	10.25
Water and Air pollution parameters - As per NGT/ UPPCB/CPCB norms.			
Note:-			
1. Successful bidder have all responsibility to maintain and provide data hosting and data transmission (Real time online data transmission) to UPPCB and CPCB and report to CDC on weekly basis during contract period.			
2. Successful bidder will follow all mandatory statutory requirements of excise and other departments.			
3. If R.S. and Ethanol Production takes Place on different days separately in any Month then minimum-targeted quantity given above will be calculated on Pro-rata basis.			
4. If R.S. and Ethanol Production takes Place simultaneously, payment and penalty will be calculated on R.S. Production.			

2.1 Technical Efficiency parameters

Production target will be as per clause-2.0(8).

2.1(a)- For Bio-Composting Distilleries (Nanauta, Nanpara & Kaimganj).

The main parameters of efficiencies, production and Z.L.D. achievement norms for operation of various plants as stated as below:

FERMENTATION AND PRODUCTION

1	Alcohol % in wash	Min. 9.5 % v/v
2	Fermentation efficiency	Min 90.0%
3	Distillation efficiency Wash to R.S.	Min. 98.0 %
4	Total steam Consumption including RS, MEE &CTU	Max. 4.5 Kg/B.L.
5	Spent Wash generation	Max. 8.0 Lt./Lt. R.S. or As per prevailing PCB norms

EVAPORATION SECTION

6	Brix of concentrated spent wash	30 – 35 °BX
7	Condensate clarity	Clear& free from entrained liquid

CONDENSATE TREATMENT PLANT As per norms and requirement of process

BOILER SECTION

9	Working Pressure	1.5 Kg/Cm ²
10	Steam Temp.	Max. 185°C
11	SPM in Flue Gases in ppm at boiler stack	As per PCB norms

QUALITY

12	R.S.	As per IS-323-1969
13	Ethanol	As per IS-321-1964
14	E.N.A.	As per IS-323-1969

Other Parameters

15 Zero Liquid Discharge Entire plant should be operated to achieve The Zero Liquid Discharge norms in effect.

16 Bio Digester & Scrubber Parameters:

- a. Bio Digester Spent wash Temperature - 30-40⁰ Centigrade
- b. Quantity of Gas from Bio Digester - 14000 Cu. Metre per Day (for C-Heavy Distilleries)
10000 Cu. Metre per Day (for B-Heavy Distilleries)
- c. Methane Gas Percentage in Bio Digester Gas - 50-60%
- d. Hydrogen Sulphide Quantity in Gas after Scrubber -0.02% Max. /200 ppm

Note:- 1- After Shutdown period from July to September, if Distillery be operated on D.G. Set/Hydel during October month then these expenses will be in the responsibility of Distillery.

2- If Bio Engine working is affected adversely on account of operational parameters given above and distillery is forced to run on D.G. Set/Hydel then the cost will be debited to the party.

- A. Other parameters for assessment of work performance, if required, will be referred from performance trial parameters and will be final.
- B. The evaporators should run for 25 days continuously after cleaning.
- C. Total 45 days will be allowed for cleaning and repair & maintenance job in 9 working months (running period) on pro-rata basis i.e. 5 working days per month. Thus plant should run on full capacity i.e. 30,000 liters per day capacity in rest of the months.

The service provider will be responsible for operation of the plant to obtain the performance parameters achieved in performance trial for capacities, efficiencies, power consumption, steam consumption, recovery and pollution control norms like water consumption, zero liquid discharge, emission standards etc.

The Service Provider has to run the plant successfully during the entire contract period and maintain the standards of specifications of the product as under:-

- i) Minimum 30 kilo litre per day of ENA production is achieved. The plant should produce ENA of not less than 96% purity. (Nanpara and Sathiaon)
- ii) Ethanol production of minimum 30 KLPD in Sathiaon and minimum 20 KLPD in Nanauta, Nanpara, & Kaimganj and minimum 40 KLPD in Snehroad is achieved. The plant should produce ethanol of not less than 99.8%.
- iii) Minimum Rectified Spirit production of 42.4 KLPD in Snehroad (on B-heavy), 32 KLPD in sathiaon (on B-heavy) and Minimum 30 KLPD in Nanauta, Nanpara (on C-heavy) Distilleries must be achieved. The plant should produce Rectified Spirit not less than 94.5% strength.

2.1(b) i- For sathiaon (Azamgarh) and Snehroad (Bijnor) distilleries with incineration boiler:-

The main parameters of efficiencies, production and Z.L.D. achievement norms for operation of various plants as stated as below:

Performance Parameters

FERMENTATION AND PRODUCTION

1	Alcohol % in wash	To achieve Spent Wash norms.
2	Fermentation efficiency	Min 90.0%
3	Distillation efficiency	
a	Wash to R.S.	Min. 98.5%
b	Wash to A.A. (Ethanol)	Min. 98.5%
c	Wash to E.N.A.	Min. 98.5%
5	Spent Wash generation	Max. 8.0 Lt/Lt of RS or to achieve the prevailing PCB norms.

EVAPORATION SECTION

6	Brix of Concentrated Slop	Not less than 60°Bx.
8	Condensate clarity	Clear& free from entrained liquid

CONDENSATE TREATMENT PLANT As per norms and requirement of process

BOILER SECTION

9	Steam temperature	Min 410°C
10	Working Pressure	45 Kg/Cm ²
11	Exit Flue gas Temp.	Max. 190°C
12	SPM in Flue Gases in ppm at boiler stack	Below 30
13	Fuel ratio (Bagasse to Slop)	30:70
14	Bagasse moisture	50-51 %

Quality

16	R.S.	As per IS-323-1969
17	Ethanol	As per IS-321-1964
18	E.N.A.	As per IS-323-1969

Other Parameters

20	Zero Liquid Discharge	Entire plant should be operated to
----	-----------------------	------------------------------------

achieve The Zero Liquid Discharge norms in effect.

- A Other parameters for assessment of work performance, if required, will be referred from performance trial parameters and will be final.
- B The evaporators should run for 25 days continuously after cleaning.
- C Total of 65 days will be allowed for cleaning and repair maintenance jobs in a year on pro rata basis e.g. 5.42 days per month in incineration Distilleries . Thus full capacity production 120 Lac B.L. of R S/90 LBL Ethanol in Snehroad and 90 Lac B.L. of R S/90 LBL Ethanol and 90 LBL ENA in Sathiaon Distillery will be achieved.

2.2 The other condition of scope of work is outlined below: -

- 2.2.1 Providing required staff/workmen for commissioning of the plants and Machineries. The successful bidder is required to provide trained staff and experienced skilled and unskilled workmen for smooth commissioning of all plant and machineries as an indicative list of required manpower is given in section 4.2 The plant performance should not be adversely affected due to shortage of manpower at any station. The bidder will provide station wise List of number of manpower indicating qualification, experience at the time of agreement to the distillery.
- 2.2.2 Operation and maintenance of plants and machineries
- 2.2.3 NOC of PCB consent NOC Fire, CGWA, Boiler operation, PESO and Bio compost license from agriculture department will be obtained by Service Provider. However, the concerned fees will be deposited by the Distillery.
- 2.2.4 Online monitoring system data will be connected to CPCB/UPCB server regarding pollution control board norms.

2.3 Repair and Maintenance

Normal repair and maintenance of the plant and machineries during operational months and during shut down months/break down/CIP shall be in the scope of the service provider for which all manpower and tools tackles shall be provided by the service provider. Dismantling of carriers/chains, dismantling of plants, bagasse elevators, return bagasse carrier, external and internal cleaning of boiler, cleaning of complete plants, cleaning of MEE, scraping and washing in fermentation house etc. shall be in scope of the service provider. No extra cost will be paid for Repair and Maintenance of the Plant.

2.4 Cleaning operations

The service provider will provide staff and workmen (skilled and unskilled) for cleaning operations (CIP or Mechanical) of all plants and machineries, heat exchange equipments, tanks, vessels and other utensils etc. During normal operations or during shut downs, the required tools and tackles shall be arranged by the service provider. Work related with cleaning and sweeping inside factory area, offices, public toilets, bagasse carrier and yard, boiler ash handling area, different houses, different drains in plant etc. shall be arranged by service provider.

2.5 Laboratory work

Laboratory work e.g., Yeast Culture and Propagation, bio-composting culture, Process control analysis, Raw material analysis and Quality Control analysis shall be under the scope of service provider however Raw material analysis, Quality control analysis and other analysis required to ascertain the PROCESS EFFICIENCIES AND QUALITY OF RAW MATERIAL AND PRODUCT shall be under supervision of Distillery Manager. In case of difference of opinion, the decision of General Manager of Distillery will be final.

2.6 Handling of materials

Handling of store materials from the store to site or site to store, store to bio-composting site, store to methane digester site etc. like lubricants, lime, process chemicals, chemicals for cleaning etc., store consumables, HSD, spares etc. and bagasse/rice husk from storage point to firing point, shifting of boiler ash, garbage, sludge, shifting of press mud/bio-compost etc. will be in the scope of the service provider. Material unloading at and placing it in store will be in the scope of service provider.

2.7 General/periodical servicing of various equipments and machineries such as DG sets, gas generator, DCS panels, compressors, electric panels, tube wells etc. will be in the scope of service provider.

2.8 All the staff/employee deployed by the service provider to work inside the distillery shall be approved by the department of excise, Government of Uttar Pradesh in due accordance with the norms and procedures. It is the responsibility of service provider to make available all the necessary information in this regard (Name of employee, Father's Name, Permanent address, Qualification, Experience etc. all supported with relevant document copies) to the relevant department through distillery and shall also pursue the matter regarding grant/approval from the department. A formal application in this regard shall be made by General Manager, Distillery unit. The service provider will submit the details of employees, as above, prior to deployment of them. If the distillery management is not satisfied with the work, behavior, conduct or any other activity of the person deployed, management may ask to

remove the person and the service provider will have to replace with another employee within 48 hours.

2.9 Fire fighting and disaster management: The service provider will create a group with a in-charge to handle the situation of fire and other disaster management as per prevailing rules and regulations.

2.10 NOC / consent to operate:

The service provider shall operate the water / effluent treatment plant, air pollution system, cooling towers, bio-composting etc. to obtain norms of Zero Liquid Discharge /air consent/water consent/Agriculture Ministry of India/any other related authority laid down by NGT/ CPCB/UPPCB. However, the required fees will be deposited by the Distillery Unit and follow up with concerned department /authority will be done by service provider.

2.11 Period of agreement/contract:

Period of agreement will be from 01.04.2024 to 31.03.2025

3.0 RESPONSIBILITIES

3.1 Distillery Management's responsibilities

3.1.1 **Availability of molasses and press-mud (for bio composting distilleries) as per requirement will be made by distillery.** Analysis of molasses TRS will be performed jointly.

3.1.2 For the bio-composting work, Bio-composting Machine, Loader, Pump-motor, Electricity, bags for filling the bio-compost will be provided by distillery to service provider.

3.1.3 Marketing of R.S., S.D.S., E.N.A. and Ethanol and Bio Compost.

3.1.4 All administrative Staff in Accounts, General Office/ Distillery Manager/warehouse/ Store / Time Office and Security etc. shall be under Distillery Unit's scope.

3.1.5 **During the continuous running of the plant, if the plant production is obstructed due to poor off take, want of Molasses, The said period will be considered as non productive Period and these days will be removed from 25 working days in a month. Simultaneously payment and penalty calculation will be done on reduced working days.**

if the situation of poor off take or want of molasses arises and plant remains closed for a month or more, then the service provider will neither be entitled for any payment and nor be responsible for penalty on account of no Production.

3.1.6 Till the commissioning of Bio-engine in bio composting based distilleries, the diesel requirement to run the D.G. set for operation of Distillery will be in the scope of Distillery Management. If after erection and commissioning any fault occurs due to manufacturing defect and during the cleaning and scheduled shut down of H2S scrubber and gas engine the diesel required to run the distillery will be in the scope of distillery. If engine comes in break down due to erection fault, the diesel will be debited to ZLD plant supplier.

3.1.7 Spares and materials for repair and maintenance of plant and machinery will be in the scope of distillery. If Distillery Production Stopped due to non availability of spares & materials then such period will be considered for penalty calculation accordingly.

- 3.1.8 Diesel & Lubricants required to run the Aerotriller, Loader, Windrows dressing will be in the scope of distillery.
- 3.1.9 If only Ethanol production takes place during routine shutdown period in 06 bio composting distilleries (July, August, September), then the diesel required to run the D.G. set will be in the scope of distillery.
- 3.1.10 Distillery management will verify the GST Credit related to previous Paid Bill is available for utilization then only current presented bill will be processed.
- 3.1.11 In case of bio-compost based distilleries, Distillery operated on D.G. Set/Hydel during start of distillery season in lieu of biogas engine comes into operation then Forty days(maximum) D.G. Set/Hydel expenses will be in the responsibility of Distillery.

3.2 The Service Provider's Responsibilities

- 3.2.1 Arrangement of Fuel like Bagasse, Rice Husk etc, all process chemicals (Excluding Denaturant chemicals), Cotton, Resin etc. and lubricants as required for efficient operation of Distillery as per norms will be in party scope. The special chemicals required at Gas Scrubber to run the bio-engine will be as per requirement of original manufacturer of bio-engine.
- 3.2.2 For distilleries using bio compost method, if Bio-engine has been commissioned, and if Bio-engine stops due to operational fault, and if Bio-engine stops due to operational fault, then cost incurred on running D.G set (i.e. Diesel, Lubricants, rent and service charges) for operation of distillery would be in the scope of service provider.
- 3.2.3 If any irregularity is found in the inspection of NGT/C.P.C.B./U.P.P.C.B./Excise/Oil companies and any other regulatory authority, the service provider will be held responsible and any penalty imposed by them will be paid by service provider or deducted from his dues/ Payables/ Security Money/ EMD.
- 3.2.4 If any penalty is imposed by OMC's on distillery for short supply and the ethanol production is lower than targeted production, the same (equal to less production) will be recovered from service provider's dues/ Payables.
- 3.2.5 The service provider will have to follow all labor rules.
- 3.2.6 If any property of distillery, made available to the service provider, is lost due to theft or any other reason, controllable by the service provider, will be recovered from the payables of the service provider.
- 3.2.7 Boiler ash will be disposed-off in the bio-composting yard or as designated Place.
- 3.2.8 The Transport of Press-mud from allied sugar mill to Bio compost yard of distillery and packing of bio compost in bags as per need will be in the scope of service provider.
- 3.2.9 The Daily Manufacturing Report will be prepared by service provider as directed by Distillery Manager/General Manager/Federation and duly verified by distillery Manager.
- 3.2.10 To maintain the quality of bio-compost, required bio-culture will be arranged by the service provider. Distilleries Repair & Maintenance work during shut down period from 1st July to 30th September for distilleries using bio-compost method will be in the scope of party. The Repair & maintenance work of the incineration based **Sathiaon and snehroad** distilleries and other Five distilleries during operational period will be in the scope of service provider.
- 3.2.11 The preventive, regular and annual repair and maintenance of all the plants and equipments will be carried out by service provider for which no extra cost will be paid for during the contract period.

3.2.12 **Bidders are advised to visit concerned Distilleries to assess the prevailing situations related to molasses availability and other local conditions before participating in E-Tender.**

3.2.13 For all statutory approvals/NOCs from different Govt. departments, Required Fee will be deposited by Distillery and Service provider will facilitate to get these approvals/NOCs.

4. Manpower:

4.1 The service provider shall deploy sufficient nos. of qualified and experienced (Qualification and experience document's photo copies to be submitted to distillery management and if needed originals of these shall be produced for examination purpose.) operation and maintenance staff for smooth running and proper and timely maintenance of the plant and machineries. The service provider shall also deploy unskilled labors required for different unskilled jobs e.g. fuel firing, ash shifting, cleaning operations, material shifting etc.. If at any time during inspection by the Distillery Unit, it is noticed that any untrained personnel is employed, unfit for the particular job, the Distillery Unit will notify the service provider to replace the employ which will be binding upon the service provider.

4.2 The service provider should have technically sound and well-qualified experts and staff as per norms of Industry. An indicative list of technical personnel with respective qualification and experience is as below, if more man power is required for smooth, efficient running and repair and maintenance of distillery, the service provider is bound to deploy such required man power for which no extra payment will be paid.

a. Manpower required for Bio-Composting Distilleries Nanauta, Nanpara & Kaimganj

SNO	POST NAME	Qualification	Experience
1	Manager	D.I.F.A.T. / Chemical Engr.	Minimum Five years in reputed molasses based distillery.
2	Engineer In charge	B.Tech./Diploma (Mech.)	Minimum Two/Three years experience of similar plants.
3	Electrical Engineer	B.Tech. / Diploma (Elect.)	Minimum Two years for B.Tech and Three Years for Diploma holder in similar plant.
4	Instrument Engineer	Diploma in Electronic and Instrumentation	Two years experience in DCS operated distillery/chemical plant.
5	Shift Chemist	DIFAT (NSI/VSI)	Minimum Two years experience of similar plants.
6	Lab I/C	B.Sc., M.Sc. with Chemistry/Bio-chemistry/Micro biology	Two/One Years of lab. Analysis preferably distillery analysis experience.
7	Fitter	I.T.I. fitter trade	Two years in similar plant
	Fitter Helper	I.T.I. fitter trade/non Non I.T.I.	-- With Industrial experience
8	Welder	I.T.I. Welder trade	Minimum Two years experience
9	Electrician	I.T.I. Electrician trade	Minimum Two years experience in modern distillery with captive power
	Electrician	I.T.I. Electrician trade	--

	helper	Non I.T.I.	With Industrial experience
	Instrument Mechanic	I.T.I. Instrument trade	Minimum Two years experience in DCS based distillery/chemical plant
	Instrument helper	I.T.I. Instrument trade Non I.T.I.	-- With Industrial experience
10	Boiler operator	1 st Class Boiler Competency certificate according to Indian boiler act.	Minimum Two years working experience in similar capacity boiler having DCS control system.
11	Fire Man	Second class boiler competency certificate according to IBR act.	Minimum Two years working experience in similar capacity boiler having DCS control system.
12	Water attendant	Second class boiler competency certificate according to IBR act.	Minimum Two years working experience in similar capacity boiler having DCS control system.
13	D.M. Plant/Water treatment attendant	Intermediate Science /B.Sc.	Minimum Two years experience in operation of DM water plant.
14	Pump operator	I.T.I. Electric / fitter trade	Minimum Two years experience in similar capacity.
15	Switch board attendant	I.T.I. Electric trade	Minimum Two years experience in distillery/chem. plant with captive power plant.
16	Bio-gas Engine /DG Set operator	I.T.I. Electrical / Fitter trade	Minimum Two years experience in similar and DCS controlled turbine.
17	Distillation operator	Intermediate science	Two years experience in RS/ENA /MSDH plant having DCS control system.
18	Fermentation operator	Intermediate science	Minimum Two years experience in similar capacity and in DCS based distillery.
19	Helper for Plant	Minimum High School	Exposure of Distillery
20	Evaporator Operator	Intermediate Science	Minimum Two years working experience in similar capacity plant and in DCS distillery.
21	Condensate Treatment operator	Intermediate Science	Minimum Two years working experience in similar capacity plant and in DCS distillery.
22	Driver	10 th passed.	2 Years of Tractor driving.
	Unskilled labors as per requirement.		

Note: The above list is only indicative. The actual requirement of manpower (officers, supervisors, operators, maintenance staff etc.) may vary and the service

provider have to deploy additional man power required for smooth operation / repair maintenance of the plant and machineries.

b. Manpower required for Snehroad (Bijnor) and Sathiaon (Azamgarh) distillery with incineration boiler:-

The service provider should have technically sound and well qualified experts and staff as per norms of Industry. Boiler Engineer, Boiler In charge, Waterman, Fireman should have the boiler operation certificate of concerned class issued by the Directorate of Boilers. An indicative list of technical personnel with respective qualification and experience:-

SNO	POST NAME	Qualification	Experience
1	Manager	D.I.F.A.T./ / Chemical Engr.	Minimum Six years in reputed molasses based distillery.
2	Engineer Incharge	B.Tech. (Mech.)	Minimum Five years experience of similar plants.
3	Electrical Engineer	B.Tech. / Diploma (Elect.)	Minimum Two years for B.Tech and Five Years for Diploma holder in similar plant.
4	Instrument Engineer	Diploma in Electronic and Intrumentation	Five years experience in DCS operated distillery/chemical plant.
5	Shift Chemist	DIFAT (NSI/VSI)	Minimum Three years experience of similar plants.
6	Quality Control In charge	DIFAT (NSI/VSI) in Alcohol Technology	Minimum Five years experience of similar plants.
7	Fitter/shift	I.T.I. fitter trade	Five years in similar plant
8	Fitter Helper/ shift	I.T.I. fitter trade	Fresher with industrial exposer
9	Welder	I.T.I. Welder trade	Minimum Four years experience
10	Electrician/shift	I.T.I. Electrician trade	Minimum Five years experience in modern distillery with captive power
11	Electrician helper/shift	I.T.I. Electrician trade	Fresher with industrial exposer
12	Instrument Mechanic/shift	I.T.I. Instrument trade	Minimum Five years experience in DCS based distillery/chemical plant
13	Instrument helper/shift	I.T.I. Instrument trade	Fresher with industrial exposer
14	Boiler operator/ shift	1 st Class Boiler Competency certificate according to Indian boiler act.	Minimum Six years working experience in similar capacity, high press. boiler having DCS control system.
15	Fire Man/shift	Second class boiler competency certificate according to IBR act.	Minimum Three years working experience in similar capacity, high press. boiler having DCS control system.
16	Water attendant	Second class boiler competency certificate according to IBR act.	Minimum Three years working experience in similar capacity, high press. boiler having DCS control system.
17	D.M. Plant/Water	Intermediate Science	Minimum Five years experience in

	treatment attendant	/B.Sc.	operation of DM water plant.
18	Pump operator/ shift	I.T.I. Electric / fitter trade	Minimum Four years experience in similar capacity.
19	Switch board attendant/ shift	I.T.I. Electric trade	Minimum Five years experience in distillery/chem. plant with captive power plant.
20	Turbine/DG set operator	I.T.I. Electrical / Fitter trade	Minimum Five years experience in similar & DCS controlled turbine.
21	Distillation operator/shift	Intermediate science	5 years experience in multipressure RS/MSDH plant having DCS control system.
22	Fermentation operator/shift	Intermediate science	Minimum Four years experience in similar capacity and in DCS based distillery.
23	Helper for Plant	Minimum High School	Exposure of Distillery
24	Evaporator Operator	Intermediate Science	Minimum Four years working experience in similar capacity plant and in DCS distillery.
25	Condensate Treatment operator/shift	Intermediate Science	Minimum Four years working experience in similar capacity plant and in DCS distillery.
26	Unskilled labours as per requirement.		

Note: The above list is only indicative. The actual requirement of man power (officers, supervisors, operators, maintenance staff etc.) may vary and the service provider may have to deploy additional man power required smooth operation / repair maintenance of the plant and machineries. The party will provide sufficient manpower, as per N.S.I. norms, to operate the distillery as per Qualification in Tender Document

- 4.3 All persons engaged by the service provider directly or indirectly shall be employees of the service provider and it is obligatory on the part of the service provider to cover all their employees under Workman compensation act.
- 4.4 The service provider will be responsible for deduction and payment of EPF and any other statutory liabilities of all workers/staff and distillery unit will not be responsible for any monetary claim or payment to the service provider employees or statutory authorities under the Employees Provident Fund, Family Pension Fund or any other liabilities. Compliance of labor laws and rules will be the sole responsibility of the service provider. The service provider will provide proof of such payment.
- 4.5 Group insurance of the employees of the service provider will be responsibility of the service provider and distillery unit will not be responsible for any claim/compensation, which may be made under the Workmen Compensation Act.
- 4.6 In the event of any accident/causality etc. of the employees of the service provider, the distillery unit will not be responsible and service provider will ensure all safety measures for its employees. In case any claim/compensation arises under Workman Compensation Act/ any other Act, the service provider will be responsible.
- 4.7 The Service provider will ensure that the age of their employees will not be less than 18 years in any case and should be medically fit.

- 4.8 The service provider will withdraw/ replace those Employees, who are not performing the work to the satisfaction of the distillery management for their misconduct and for any other reason, as indicated by the distillery in writing to the service provider, within 48 hours of the said communication. Any damage to the distillery due to sabotage, theft by the employees of Service Provider will be the responsibility of the service provider. If at any time during inspection by the Distillery Management, it is noticed that any untrained personnel is employed who is unfit for the particular job, the Distillery Management will notify the service provider to replace the employee which will be binding upon the service provider and he will be replaced within 48 Hrs.
- 4.9 In case due to shortage or inefficient manpower, if work is delayed and not completed in time, the distillery unit will have the right to outsource the same to a third Service provider at the cost and risk of the service provider, without prejudice to other penal provisions against the service provider.
- 4.10 During the continuance of the Agreement, the Service provider shall abide at all times by all existing enactments and rules made there under, regulations, notifications and by laws of the State or Central Government or authority and any other labor law (including rules), regulations, by-laws that are applicable, the Service provider shall keep the distillery indemnified in case any action is taken against the distillery by the competent authority on account of contravention of any of the provisions of any Act or rules made under the regulation or notifications including amendments, if the Distillery unit is caused to pay or reimburse, such amounts as may be necessary to cause or observe, or for non-observance of the provisions stipulated in the notifications/by laws/Acts/Rules/regulations including amendments if any, due to any act or omission in the part of the Service provider, the Distillery shall have the right to deduct money from the service provider's dues/balances including his Security Money/EMD. The Distillery unit shall have the right to recover from the service provider or any sum required or estimated to be required for making good the loss or damages suffered by the Distillery unit. The employees of the Service provider or any person employed for any work indicated in this agreement or indicated thereto, in no case shall be treated as the employees of the Distillery unit at any point of time.
- 4.11 The service provider shall duly comply with the provisions of the Apprentices Act 1961 (III of 1961) the rules made there under and the orders that may be issued from time to time under said Act and the said rules and on his failure or neglect to do so the service provider shall be subject to all liabilities and penalties provided by the said Act and rules.

5.00 Accommodation

- 5.1 As per availability, accommodation for staff of the service provider will be made available free of cost by the Distillery unit.
- 5.2 The electricity for light / fan will be provided on cost basis by the Distillery unit. Service provider staff will not miss use the electricity and water.
- 5.3 All other arrangements like food etc will be made by the Service provider/their employees.

6 Damage to Machineries and Equipment: -

- 6.1 Any damage to machineries or equipments or any other property of the Distillery unit caused out of negligence by the service provider's officers/workmen shall be

recoverable from the service provider. The decision of the General Manager, Distillery unit in respect to the damage and the liability arising out of the damage caused, will be final and binding on the service provider. The service provider will be liable to either indemnify the loss or make good of the damage to the satisfaction of the Distillery Management as the case may be.

- 6.2 If any machinery/equipment is damaged or becomes inoperable which affects the warranty of the plant/machinery/equipment, etc. and any financial loss is incurred to Distillery unit such loss shall be recovered /Indemnified by the service provider.

7.0 Payment:

- 7.1 Payment for operation and maintenance shall be made on Fortnightly basis. The payment will be made after verification of bills by Distillery Management as per terms and condition of E-Tender.
- 7.2 Distillery management will verify the GST Credit related to previous Paid Bill is available for utilization then only current presented bill will be processed.
- 7.3 Security money 5% will be deducted from each Monthly Bill. This Deducted Security Money will be refunded after 2 months of successful completion of the contract period.
- 7.4 EMD will be refunded after 6 months of successful completion of the contract.
- 7.5 If Monthly production of R.S. and Ethanol exceeds the minimum-targeted Quantity given above, then the payment will be made on actual production.
- 7.6 If only Ethanol production takes place during routine shutdown period (July, August & September) then the payment will be made to service provider as per approved Rates.

8 Liquidated damages and Penalties:

- 8.1 If, monthly production of RS/ Ethanol is less than the targeted Quantity given above, then the penalty will be recovered from the party (Service Provider) equal to the less production multiplied by the 30% of conversion cost of RS/Ethanol per B.L.

Likewise, if monthly production of Ethanol on running of RS & Ethanol Plant simultaneously, is less than the 2/3 of RS produced Quantity in that month then the penalty will be recovered from the party equal to the less production multiplied by 30% of conversion cost of Ethanol per B.L. If Ethanol production is restricted from distillery management then such number of days & average production during these days will be taken into consideration for penalty calculations.

In case of any emergency or during shut down period (July to September), if only ethanol plant operates separately and monthly production of ethanol is less than the targeted quantity given in the tender document, then the penalty will be recovered from the party equal to the less production multiplied by the 30% of conversion cost of RS/Ethanol per B.L.

- 8.2 If the distillery operation is obstructed due to any negligence, miss operation, shortage of man power etc. and the committed supply of product fails followed by any penalty etc. resulting loss to the distillery, the same will be recovered from service provider.
- 8.3 If any penalty is imposed on distillery by miss operation of ZLD system, Bio-composting, emissions from Boiler etc. by competent authority the same will be recovered from service provider.

- 8.4 Penalty imposed, if any, by excise department for less recovery, excessive conversion loss(From RS to Ethanol) or for any reason related to production and house keeping /arrangement shall be recovered from the service provider.
- 8.5 Penalty imposed, if any, by state/ central pollution control board/Excise Department for non-conforming operation or for any other reason as directed by UPPCB/CPCB then such penalty shall be recovered from the service provider.
- 8.6 If any Penalty is imposed by oil companies on the ground for short supply and production of ethanol is less than targeted production of ethanol (non-availability of stock of ethanol in distillery) then the penalty will be recovered by service provider.
- 8.7 If production of R.S. and Ethanol is adversely affected due to shortage of Molasses and storage problem of alcohol, then the probable production quantity of R.S. and Ethanol will be calculated for such period and will be taken in consideration for calculation of penalty.
- 8.8 If production of Ethanol is restricted due to less allotment from Oil Companies or insufficiently storage capacity in distillery then, the monthly minimum target of Alcohol production will be considered accordingly.

9.0 Agreement

The Distillery Unit and the service provider will enter into an Agreement within 15 days of the award of contract.

10.0 Arbitration

Solely for the purposes of settlement of any dispute arising between the parties out of this agreement, the contractor shall be treated as an agent of the mill and any dispute arising out and between the parties to this agreement shall be referred to arbitration to the Registrar in accordance with Section 70 of the UP Cooperative Societies Act, 1965.

11.0 Jurisdiction

Notwithstanding anything in the above provisions, High Court at Lucknow and courts sub-ordinates there to shall have the exclusive jurisdiction with regard to any or all matters arising out of this contract.

12.0 Extention of Contract

On satisfactory performance and completion of contract period, Contract may be extended further with same Terms and Conditions.

13.0 Termination of Contract

If at any time after signing this agreement, as per directives of Govt. Of Uttar Pradesh or due to any other reason, the Distillery Unit does not require the whole or any part of the jobs described in tender document/agreement relating to outsourcing of Technical staff and skilled, unskilled workers for operation for Five co-operative distilleries as per CPCB norms , repair and maintenance of all equipments/machinery during financial year 2024-25 (1.4.2024 to 31.03.2025) as under :-

- i. Three numbers, 30 KLPD capacity distilleries at **Nanauta (Saharanpur), Nanpara (Bahraich), Kaimganj (Farrukhabad)**, with DCS based control system consisting of Fed batch fermentation, forced circulation distillation for wash to R.S. and R.S. to MSDH for anhydrous ethanol, methane digester, multiple effect evaporator for methanated spent wash, bagasse/rice husk/bio-gas fired 10.0 TPH boiler, 0.8 MW gas generator, condensate and water treatment plants, cooling tower, bio-composting on conversion cost basis.

- ii. Snehroad (Bijnor) distillery 40 KLPD & sathiaon (Azamgarh) 30 KLPD capacity distillery with incineration boiler, DCS based control system consisting of Fed batch fermentation, Multi pressure distillation, wash to R.S./E.N.A./MSDH for anhydrous ethanol multiple effect evaporator for raw spent wash, bagasse/rice husk/slop fired 12.5/12.0 TPH boiler, 1.2/1.0 MW turbine, condensate and water treatment plants, cooling tower on conversion cost basis.

DRAFT COPY

AGREEMENT PROFORMA

(The agreement will be executed separately for separate distillery with relevant terms & condition along-with Data etc.)

THIS AGREEMENT MADE on the ----- at ----- between Distillery Unit, The Kisan Sahkari Chini Mills Ltd.,-----, Distt. -----, Uttar Pradesh hereinafter referred to as the ‘Distillery Unit -----, Distt -----’ which expression shall, unless repugnant to the subject or context include their successors and assignees represented by the General Manager being the authorized representative of the Distillery Unit -----, of the one part and ----- a company within the meaning of the Companies Act, 2013, having its registered office at ----- hereinafter referred to as the “Service Provider” which expression shall unless repugnant to the subject or context include their legal representatives, administrators, successors or permitted assignees represented by ----- the Service Provider, of the other part.

WHEREAS the Bid of the ‘Service Provider’ contained in their bid document dated ----- as modified after subsequent techno commercial discussion with the ‘Distillery Unit -----’ in the meeting of the State Level Advisory Committee/High Power Committee, held on ----- for outsourcing of Technical staff and skilled, unskilled workers for operation for Five co-operative distilleries as per CPCB norms , repair and maintenance of all equipments/machinery during financial year 2024-25 (01.04.2024 to 31.03.2025) as under:-

- i. Three numbers 30 KLPD capacity distilleries at **Nanauta (Saharanpur), Nanpara (Bahraich), Kaimganj (Farrukhabad)**,with DCS based control system consisting of Fed batch fermentation, forced circulation distillation for wash to R.S./MSDH for anhydrous ethanol on conversion cost basis, methane digester, multiple effect evaporator for methanated spent wash, bagasse/rice husk/bio-gas fired 10.0 TPH boiler, 0.8 MW gas generator, condensate and water treatment plants, cooling tower, bio-composting.
- ii. Two numbers 40 KLPD capacity **Snehroad (Bijnor) distillery and 30 KLPD capacity sathiaon (Azamgarh)** distillery with incineration boiler at The Kisan Sahakari Chini Mills Ltd. Distillery Unit -----, Uttar Pradesh (herein after referred as Distillery Unit -----) has been accepted by the Distillery Unit ----- and the Service Provider has been awarded the Letter of Intent No. ----- dated -----, according to specifications etc. given in Annexure I to V forming part of this Agreement on the terms and conditions hereinafter appearing.

AND WHEREAS the contract price hereinafter mentioned is based on the Service Provider’s undertaking outsourcing of Technical staff and skilled, unskilled workers for operation, repair and maintenance of equipments/machinery during financial year ----- , for Distillery of 30 KLPD capacity with DCS based control system consisting of Fed batch fermentation, Multi-pressure distillation for wash to ENA, R.S. and MSDH for anhydrous ethanol, Multiple effect evaporator for raw spent wash, spent wash fired high pressure boiler (12.0 TPH), 1.0 MW turbine, condensate and water treatment plants at The Kisan Sahakari Chini Mills Ltd. Distillery Unit -----, Uttar Pradesh in which time is the essence of the contract and if the Service Provider fails to do so, the Service Provider shall pay liquidated damages as hereinafter provided, as per terms of the Agreement, subject to the decision of Distillery Unit ----- fulfilling their obligation on time except under Force Majeure conditions.

NOW THEREFORE, the parties hereto have agreed on the following terms for outsourcing of Technical staff and skilled, unskilled workers for operation, repair and maintenance of equipments/machinery during financial year, for newly erected Distillery of 30 KLPD capacity with DCS based control system consisting of Fed batch fermentation, Multi-pressure distillation for wash to ENA, R.S. and MSDH for anhydrous ethanol, Multiple effect evaporator for raw spent wash, spent wash fired high pressure boiler (12.0 TPH), 1.0 MW turbine, condensate and water treatment plants at The Kisan Sahakari Chini Mills Ltd. Distillery Unit, Uttar Pradesh.

2.0 Scope of Work :

On line E-tenders are invited for outsourcing of Technical staff and skilled, unskilled workers for operation for Five co-operative distilleries as per CPCB norms including , repair and maintenance of all equipments/machinery during financial year 2024-25 (1.4.2024 to 31.3.2025) as under:-

- iii. Three numbers, 30 KLPD capacity distilleries at **Nanauta (Saharanpur), Nanpara (Bahraich), Kaimganj (Farrukhabad)** with DCS based control system consisting of Fed batch fermentation, forced circulation distillation for wash to R.S. and R.S. to MSDH for anhydrous ethanol, methane digester, multiple effect evaporator for methanated spent wash, bagasse/rice husk/bio-gas fired 10.0 TPH boiler, 0.8 MW gas generator, condensate and water treatment plants, cooling tower, bio-composting on conversion cost basis.
- iv. **Snehroad (Bijnor) distillery 40 KLPD & sathiaon (Azamgarh)** 30 KLPD capacity distillery with incineration boiler, DCS based control system consisting of Fed batch fermentation, Multi pressure distillation, wash to R.S./E.N.A./MSDH for anhydrous ethanol multiple effect evaporator for raw spent wash, bagasse/rice husk/slop fired 12.5/12.0 TPH boiler, 1.2/1.0 MW turbine, condensate and water treatment plants, cooling tower on conversion cost basis.

The bidder will be responsible for operation & maintenance of every equipment and machinery of distillery to produced alcohol as per prevailing norms of excise, CPCB/NGT/PCBs during operation days and repair & maintenance of complete distilleries during operation and during annual closure (July to September) for bio composting distilleries. There will not be any annual closure /stoppage in Snehroad and Sathiaon distillery.

The scope of work is for smooth running of the distillery plant with full efficiency parameters-fuel consumption, plant capacity utilization, quality of the product and marketing of bio-compost as per norms laid down by Ministry of Agriculture of India, Government of India. Operation and maintenance of the distillery will involve all jobs required for operation of distillery from molasses receiving end to final product storage having zero liquid discharge as per norms and ash disposal.

The Transport of Press-mud from allied sugar mill to Bio compost yard of distillery and packing of bio compost in bags as per need will be in the scope of party (Except Snehroad and Sathiaon Distillery). The boiler ash will be disposed-off at designated place.

9. Carrying out preventive maintenance activities of whole distillery plant including power generation, ETP, CPU, light up the boiler and other related works during operational days and shut down months.

10. Checking of all agreed quality parameters and to take necessary steps to ensure that production of rectified spirit/ENA/Ethanol (as and where applicable) is within agreed parameters.
11. Arrangement of all types of tools and tackles at its own level & shall be arranged by bidder.
12. Successful bidder will be responsible for all the damages of plant and machinery during operation and maintenance.
13. SUCCESSFUL BIDDER would be completely responsible for the safety of its employees and shall take all steps required under the laws or otherwise in this direction, U.P. Cooperative Sugar Factories Federation Ltd. concerned distillery/concerned factory shall not be responsible for any claim or compensation for the staff engaged by SUCCESSFUL BIDDER.
14. SUCCESSFUL BIDDER shall follow and comply with all statutory requirements e.g. provident Fund, Factories Act, ESI and Minimum Wages Act etc.
15. Responsibility of maintenance of all equipment and accessories thereof required for operation of the plant will be in the scope of SUCCESSFUL BIDDER.
16. Performance parameter for distillery operation: - SUCCESSFUL BIDDER would be responsible to give following production and technical efficiency targets in respect of various main parameters :

S.N.	<u>Distilleries with bio composting</u>	PRODUCT	Total Minimum Target of alcohol Production (Lakh Bulk Litre)
2	Nanauta	(on C-heavy molasses) RS	7.50
		(on B-heavy molasses) RS	8.25
		(on operation of ethanol & RS plant Simultaneously)	
		(on C-heavy molasses) Ethanol	5.00
4	Kaimganj	(on B-heavy molasses) Ethanol	5.50
		(on operation ethanol plant separately)	
		(on C-heavy molasses) RS	7.50
		(on B-heavy molasses) RS	8.25
6	Nanpara	(on operation of ethanol & RS plant Simultaneously)	
		(on C-heavy molasses) Ethanol	5.00
		(on B-heavy molasses) Ethanol	5.50
		(on operation ethanol plant separately)	
<u>Distilleries with Incineration Boilers</u>			
7	Sathiaon	(on C-heavy molasses) Ethanol	7.50
		(on B-heavy molasses) Ethanol	8.25
8	Snehroad	(on C-heavy molasses) Ethanol	9.00
		(on B-heavy molasses) Ethanol	10.25
Water and Air pollution parameters - As per NGT/ UPPCB/CPCB norms.			

Note:-

1. Successful bidder have all responsibility to maintain and provide data hosting and data transmission (Real time online data transmission) to UPPCB and CPCB and report to CDC on weekly basis during contract period.
2. Successful bidder will follow all mandatory statutory requirements of excise and other departments.
3. If R.S. and Ethanol Production takes Place on different days separately in any Month then minimum-targeted quantity given above will be calculated on Pro-rata basis.
4. If R.S. and Ethanol Production takes Place simultaneously, payment and penalty will be calculated on R.S. Production.
5. L-1 bidder will be finalized on rates for operation of R.S and Ethanol Plant simultaneously. Negotiation will be done on L-1 bidder on this basis. Operation of RS and Ethanol plant simultaneously & Ethanol plant separately will be allotted to same party.

2.1 Technical Efficiency parameters

Production target will be as per clause-2.0(8).

2.1(a)- For Bio-Composting Distilleries (Nanauta, Nanpara & Kaimganj).

The main parameters of efficiencies, production and Z.L.D. achievement norms for operation of various plants as stated as below:

FERMENTATION AND PRODUCTION

1	Alcohol % in wash	Min. 9.5 % v/v
2	Fermentation efficiency	Min 90.0%
3	Distillation efficiency Wash to R.S.	Min. 98.0 %
4	Total steam Consumption including RS, MEE &CTU	Max. 4.5 Kg/B.L.
5	Spent Wash generation	Max. 8.0 Lt./Lt. R.S. or As per prevailing PCB norms

EVAPORATION SECTION

6	Brix of concentrated spent wash	30 – 35 °BX
7	Condensate clarity	Clear& free from entrained liquid

CONDENSATE TREATMENT PLANT As per norms and requirement of process

BOILER SECTION

9	Working Pressure	1.5 Kg/Cm ²
10	Steam Temp.	Max. 185°C
11	SPM in Flue Gases in ppm at boiler stack	As per PCB norms

QUALITY

12	R.S.	As per IS-323-1969
13	Ethanol	As per IS-321-1964
14	E.N.A.	As per IS-323-1969

Other Parameters

15	Zero Liquid Discharge	Entire plant should be operated to achieve The Zero Liquid Discharge norms in effect.
16	Bio Digester & Scrubber Parameters:	
	a. Bio Digester Spent wash Temperature	- 30-40 ⁰ Centigrade
	b. Quantity of Gas from Bio Digester	- 14000 Cu. Metre per Day (for C-Heavy Distilleries) 10000 Cu. Metre per Day (for B-Heavy Distilleries)
	c. Methane Gas Percentage in Bio Digester Gas	- 50-60%
	d. Hydrogen Sulphide Quantity in Gas after Scrubber	-0.02% Max. /200 ppm

Note:- 1- After Shutdown period from July to September, if Distillery be operated on D.G. Set/Hydel during October month then these expenses will be in the responsibility of Distillery.

2- If Bio Engine working is affected adversely on account of operational parameters given above and distillery is forced to run on D.G. Set/Hydel then the cost will be debited to the party.

- A. Other parameters for assessment of work performance, if required, will be referred from performance trial parameters and will be final.
- B. The evaporators should run for 25 days continuously after cleaning.
- C. Total 45 days will be allowed for cleaning and repair & maintenance job in 9 working months (running period) on pro-rata basis i.e. 5 working days per month. Thus plant should run on full capacity i.e. 30,000 liters per day capacity in rest of the months.

The service provider will be responsible for operation of the plant to obtain the performance parameters achieved in performance trial for capacities, efficiencies, power consumption, steam consumption, recovery and pollution control norms like water consumption, zero liquid discharge, emission standards etc.

The Service Provider has to run the plant successfully during the entire contract period and maintain the standards of specifications of the product as under:-

- i) Minimum 30 kilo litre per day of ENA production is achieved. The plant should produce ENA of not less than 96% purity.(Nanpara and Sathiaon)
- ii) Ethanol production of minimum 30 KLPD in Sathiaon & Sampurnanagar and minimum 20 KLPD in **Nanauta, Nanpara, & Kaimganj** and minimum 40 KLPD in Snehroad is achieved. The plant should produce ethanol of not less than 99.8%.
- iii) Minimum Rectified Spirit production of 42.4 KLPD in Snehroad (on B-heavy), 32 KLPD in **sathiaon (on B-heavy)** and Minimum 30 KLPD in **Nanauta, Nanpara, Kaimganj** (on C-heavy) Distilleries must be achieved. The plant should produce Rectified Spirit not less than 94.5% strength.

2.1(b) i- For **sathiaon (Azamgarh) and Snehroad (Bijnor) distilleries with incineration boiler:-**

The main parameters of efficiencies, production and Z.L.D. achievement norms for operation of various plants as stated as below:

Performance Parameters

FERMENTATION AND PRODUCTION

1	Alcohol % in wash	To achieve Spent Wash norms.
2	Fermentation efficiency	Min 90.0%
3	Distillation efficiency	
a	Wash to R.S.	Min. 98.5%
b	Wash to A.A. (Ethanol)	Min. 98.5%
c	Wash to E.N.A.	Min. 98.5%
5	Spent Wash generation	Max. 8.0 Lt/Lt of RS or to achieve the prevailing PCB norms.

EVAPORATION SECTION

6	Brix of Concentrated Slop	Not less than 60°Bx.
8	Condensate clarity	Clear& free from entrained liquid

CONDENSATE TREATMENT PLANT As per norms and requirement of process
BOILER SECTION

9	Steam temperature	Min 410°C
10	Working Pressure	45 Kg/Cm ²
11	Exit Flue gas Temp.	Max. 190°C
12	SPM in Flue Gases in ppm at boiler stack	Below 30
13	Fuel ratio (Bagasse to Slop)	30:70
14	Bagasse moisture	50-51 %

Quality

16	R.S.	As per IS-323-1969
17	Ethanol	As per IS-321-1964
18	E.N.A.	As per IS-323-1969

Other Parameters

20	Zero Liquid Discharge	Entire plant should be operated to achieve The Zero Liquid Discharge norms in effect.
----	-----------------------	---

A Other parameters for assessment of work performance, if required, will be referred from performance trial parameters and will be final.

B The evaporators should run for 25 days continuously after cleaning.

C Total of 65 days will be allowed for cleaning and repair maintenance jobs in a year on pro rata basis e.g. 5.42 days per month in incineration Distilleries . Thus full capacity production 120 Lac B.L. of R S/90 LBL Ethanol in Snehroad and 90 Lac B.L. of R S/90 LBL Ethanol and 90 LBL ENA in Sathiaon Distillery will be achieved.

2.2 The other condition of scope of work is outlined below: -

2.2.1 Providing required staff/workmen for commissioning of the plants and Machineries.

The successful bidder is required to provide trained staff and experienced skilled and unskilled workmen for smooth commissioning of all plant and machineries as an indicative list of required manpower is given in section 4.2 The plant performance should not be adversely affected due to shortage of manpower at any station. The bidder will provide station wise List of number of manpower indicating qualification, experience at the time of agreement to the distillery.

2.2.2 Operation and maintenance of plants and machineries

2.2.3 NOC of PCB consent NOC Fire, CGWA, Boiler operation, PESO and Bio compost license from agriculture department will be obtained by Service Provider. However, the concerned fees will be deposited by the Distillery.

2.2.4 Online monitoring system data will be connected to CPCB/UPCB server regarding pollution control board norms.

2.3 Repair and Maintenance

Normal repair and maintenance of the plant and machineries during operational months and during shut down months/break down/CIP shall be in the scope of the service provider for which all manpower and tools tackles shall be provided by the service provider. Dismantling of carriers/chains, dismantling of plants, bagasse elevators, return bagasse carrier, external and internal cleaning of boiler, cleaning of complete plants, cleaning of MEE, scraping and washing in fermentation house etc. shall be in scope of the service provider. No extra cost will be paid for Repair and Maintenance of the Plant.

- 2.4 **Cleaning operations**
The service provider will provide staff and workmen (skilled and unskilled) for cleaning operations (CIP or Mechanical) of all plants and machineries, heat exchange equipments, tanks, vessels and other utensils etc. During normal operations or during shut downs, the required tools and tackles shall be arranged by the service provider. Work related with cleaning and sweeping inside factory area, offices, public toilets, bagasse carrier and yard, boiler ash handling area, different houses, different drains in plant etc. shall be arranged by service provider.
- 2.5 **Laboratory work**
Laboratory work e.g., Yeast Culture and Propagation, bio-composting culture, Process control analysis, Raw material analysis and Quality Control analysis shall be under the scope of service provider however Raw material analysis, Quality control analysis and other analysis required to ascertain the **PROCESS EFFICIENCIES AND QUALITY OF RAW MATERIAL AND PRODUCT** shall be under supervision of Distillery Manager. In case of difference of opinion, the decision of General Manager of Distillery will be final.
- 2.6 **Handling of materials**
Handling of store materials from the store to site or site to store, store to bio-composting site, store to methane digester site etc. like lubricants, lime, process chemicals, chemicals for cleaning etc., store consumables, HSD, spares etc. and bagasse/rice husk from storage point to firing point, shifting of boiler ash, garbage, sludge, shifting of press mud/bio-compost etc. will be in the scope of the service provider. Material unloading at and placing it in store will be in the scope of service provider.
- 2.7 General/periodical servicing of various equipments and machineries such as DG sets, gas generator, DCS panels, compressors, electric panels, tube wells etc. will be in the scope of service provider.
- 2.8 All the staff/employee deployed by the service provider to work inside the distillery shall be approved by the department of excise, Government of Uttar Pradesh in due accordance with the norms and procedures. It is the responsibility of service provider to make available all the necessary information in this regard (Name of employee, Father's Name, Permanent address, Qualification, Experience etc. all supported with relevant document copies) to the relevant department through distillery and shall also pursue the matter regarding grant/approval from the department. A formal application in this regard shall be made by General Manager, Distillery unit. The service provider will submit the details of employees, as above, prior to deployment of them. If the distillery management is not satisfied with the work, behavior, conduct or any other activity of the person deployed, management may ask to remove the person and the service provider will have to replace with another employee within 48 hours.
- 2.9 **Fire fighting and disaster management:** The service provider will create a group with a in-charge to handle the situation of fire and other disaster management as per prevailing rules and regulations.
- 2.10 **NOC / consent to operate:**
The service provider shall operate the water / effluent treatment plant, air pollution system, cooling towers, bio-composting etc. to obtain norms of Zero Liquid Discharge /air consent/water consent/Agriculture Ministry of India/any other related

authority laid down by NGT/ CPCB/UPPCB. However, the required fees will be deposited by the Distillery Unit and follow up with concerned department /authority will be done by service provider.

2.11 Period of agreement/contract:

Period of agreement will be from 01.04.2024 to 31.03.2025

3.0 RESPONSIBILITIES

3.1 Distillery Management's responsibilities

- 3.1.1 **Availability of molasses and press-mud (for bio composting distilleries) as per requirement will be made by distillery.** Analysis of molasses TRS will be performed jointly.
- 3.1.2 For the bio-composting work, Bio-composting Machine, Loader, Pump-motor, Electricity, bags for filling the bio-compost will be provided by distillery to service provider.
- 3.1.3 Marketing of R.S., S.D.S., E.N.A. and Ethanol and Bio Compost.
- 3.1.4 All administrative Staff in Accounts, General Office/ Distillery Manager/warehouse/ Store / Time Office and Security etc. shall be under Distillery Unit's scope.
- 3.1.5 **During the continuous running of the plant, if the plant production is obstructed due to poor off take, want of Molasses, The said period will be considered as non productive Period and these days will be removed from 25 working days in a month. Simultaneously payment and penalty calculation will be done on reduced working days.**
if the situation of poor off take or want of molasses arises and plant remains closed for a month or more, then the service provider will neither be entitled for any payment and nor be responsible for penalty on account of no Production.
- 3.1.6 Till the commissioning of Bio-engine in bio composting based distilleries, the diesel requirement to run the D.G. set for operation of Distillery will be in the scope of Distillery Management. If after erection and commissioning any fault occurs due to manufacturing defect and during the cleaning and scheduled shut down of H2S scrubber and gas engine the diesel required to run the distillery will be in the scope of distillery. If engine comes in break down due to erection fault, the diesel will be debited to ZLD plant supplier.
- 3.1.7 Spares and materials for repair and maintenance of plant and machinery will be in the scope of distillery. If Distillery Production Stopped due to non availability of spares & materials then such period will be considered for penalty calculation accordingly.
- 3.1.8 Diesel & Lubricants required to run the Aerotriller, Loader, Windrows dressing will be in the scope of distillery.
- 3.1.9 If only Ethanol production takes place during routine shutdown period in 06 bio composting distilleries (July, August, September), then the diesel required to run the D.G. set will be in the scope of distillery.
- 3.1.10 Distillery management will verify the GST Credit related to previous Paid Bill is available for utilization then only current presented bill will be processed.
- 3.1.11 In case of bio-compost based distilleries, Distillery operated on D.G. Set/Hydel during start of distillery season in lieu of biogas engine comes into operation then Forty days(maximum) D.G. Set/Hydel expenses will be in the responsibility of Distillery.

3.2 The Service Provider's Responsibilities

- 3.2.1 Arrangement of Fuel like Bagasse, Rice Husk etc, all process chemicals (Excluding Denaturant chemicals), Cotton, Resin etc. and lubricants as required for efficient operation of Distillery as per norms will be in party scope. The special chemicals required at Gas Scrubber to run the bio-engine will be as per requirement of original manufacturer of bio-engine.
- 3.2.2 For distilleries using bio compost method, if Bio-engine has been commissioned, and if Bio-engine stops due to operational fault, and if Bio-engine stops due to operational fault, then cost incurred on running D.G set (i.e. Diesel, Lubricants, rent and service charges) for operation of distillery would be in the scope of service provider.
- 3.2.3 If any irregularity is found in the inspection of NGT/C.P.C.B./U.P.P.C.B./Excise/Oil companies and any other regulatory authority, the service provider will be held responsible and any penalty imposed by them will be paid by service provider or deducted from his dues/ Payables/ Security Money/ EMD.
- 3.2.4 If any penalty is imposed by OMC's on distillery for short supply and the ethanol production is lower than targeted production, the same (equal to less production) will be recovered from service provider's dues/ Payables.
- 3.2.5 The service provider will have to follow all labor rules.
- 3.2.6 If any property of distillery, made available to the service provider, is lost due to theft or any other reason, controllable by the service provider, will be recovered from the payables of the service provider.
- 3.2.7 Boiler ash will be disposed-off in the bio-composting yard or as designated Place.
- 3.2.8 The Transport of Press-mud from allied sugar mill to Bio compost yard of distillery and packing of bio compost in bags as per need will be in the scope of service provider.
- 3.2.9 The Daily Manufacturing Report will be prepared by service provider as directed by Distillery Manager/General Manager/Federation and duly verified by distillery Manager.
- 3.2.10 To maintain the quality of bio-compost, required bio-culture will be arranged by the service provider. Distilleries Repair & Maintenance work during shut down period from 1st July to 30th September for distilleries using bio-compost method will be in the scope of party. The Repair & maintenance work of the incineration based Sathiaon and snehroad distilleries and other Five distilleries during operational period will be in the scope of service provider.
- 3.2.11 The preventive, regular and annual repair and maintenance of all the plants and equipments will be carried out by service provider for which no extra cost will be paid for during the contract period.
- 3.2.12 **Bidders are advised to visit concerned Distilleries to assess the prevailing situations related to molasses availability and other local conditions before participating in E-Tender.**
- 3.2.13 For all statutory approvals/NOCs from different Govt. departments, Required Fee will be deposited by Distillery and Service provider will facilitate to get these approvals/NOCs.

4. Manpower:

- 4.1 The service provider shall deploy sufficient nos. of qualified and experienced (Qualification and experience document's photo copies to be submitted to distillery management and if needed originals of these shall be produced for examination purpose.) operation and maintenance staff for smooth running and proper and timely

maintenance of the plant and machineries. The service provider shall also deploy unskilled labors required for different unskilled jobs e.g. fuel firing, ash shifting, cleaning operations, material shifting etc.. If at any time during inspection by the Distillery Unit, it is noticed that any untrained personnel is employed, unfit for the particular job, the Distillery Unit will notify the service provider to replace the employ which will be binding upon the service provider.

- 4.2 The service provider should have technically sound and well-qualified experts and staff as per norms of Industry. An indicative list of technical personnel with respective qualification and experience is as below, if more man power is required for smooth, efficient running and repair and maintenance of distillery, the service provider is bound to deploy such required man power for which no extra payment will be paid.

c. Manpower required for Bio-Composting Distilleries Nanauta, Nanpara & Kaimganj

SNO	POST NAME	Qualification	Experience
1	Manager	D.I.F.A.T. / Chemical Engr.	Minimum Five years in reputed molasses based distillery.
2	Engineer In charge	B.Tech./Diploma (Mech.)	Minimum Two/Three years experience of similar plants.
3	Electrical Engineer	B.Tech. / Diploma (Elect.)	Minimum Two years for B.Tech and Three Years for Diploma holder in similar plant.
4	Instrument Engineer	Diploma in Electronic and Instrumentation	Two years experience in DCS operated distillery/chemical plant.
5	Shift Chemist	DIFAT (NSI/VSI)	Minimum Two years experience of similar plants.
6	Lab I/C	B.Sc., M.Sc. with Chemistry/Bio-chemistry/Micro biology	Two/One Years of lab. Analysis preferably distillery analysis experience.
7	Fitter	I.T.I. fitter trade	Two years in similar plant
	Fitter Helper	I.T.I. fitter trade/non Non I.T.I.	-- With Industrial experience
8	Welder	I.T.I. Welder trade	Minimum Two years experience
9	Electrician	I.T.I. Electrician trade	Minimum Two years experience in modern distillery with captive power
	Electrician helper	I.T.I. Electrician trade Non I.T.I.	-- With Industrial experience
	Instrument Mechanic	I.T.I. Instrument trade	Minimum Two years experience in DCS based distillery/chemical plant
	Instrument helper	I.T.I. Instrument trade Non I.T.I.	-- With Industrial experience
10	Boiler operator	1 st Class Boiler Competency certificate according to Indian boiler act.	Minimum Two years working experience in similar capacity boiler having DCS control system.
11	Fire Man	Second class boiler competency certificate	Minimum Two years working experience in similar capacity boiler

		according to IBR act.	having DCS control system.
12	Water attendant	Second class boiler competency certificate according to IBR act.	Minimum Two years working experience in similar capacity boiler having DCS control system.
13	D.M. Plant/Water treatment attendant	Intermediate Science /B.Sc.	Minimum Two years experience in operation of DM water plant.
14	Pump operator	I.T.I. Electric / fitter trade	Minimum Two years experience in similar capacity.
15	Switch board attendant	I.T.I. Electric trade	Minimum Two years experience in distillery/chem. plant with captive power plant.
16	Bio-gas Engine /DG Set operator	I.T.I. Electrical / Fitter trade	Minimum Two years experience in similar and DCS controlled turbine.
17	Distillation operator	Intermediate science	Two years experience in RS/ENA /MSDH plant having DCS control system.
18	Fermentation operator	Intermediate science	Minimum Two years experience in similar capacity and in DCS based distillery.
19	Helper for Plant	Minimum High School	Exposure of Distillery
20	Evaporator Operator	Intermediate Science	Minimum Two years working experience in similar capacity plant and in DCS distillery.
21	Condensate Treatment operator	Intermediate Science	Minimum Two years working experience in similar capacity plant and in DCS distillery.
22	Driver	10 th passed.	2 Years of Tractor driving.
	Unskilled labors as per requirement.		

Note: The above list is only indicative. The actual requirement of manpower (officers, supervisors, operators, maintenance staff etc.) may vary and the service provider have to deploy additional man power required for smooth operation / repair maintenance of the plant and machineries.

d. Manpower required for Snehroad (Bijnor) and sathiaon(Azamgarh) distillery with incineration boiler:-

The service provider should have technically sound and well qualified experts and staff as per norms of Industry. Boiler Engineer, Boiler In charge, Waterman, Fireman should have the boiler operation certificate of concerned class issued by the Directorate of Boilers. An indicative list of technical personnel with respective qualification and experience:-

SNO	POST NAME	Qualification	Experience
1	Manager	D.I.F.A.T./ /	Minimum Six years in reputed

		Chemical Engr.	molasses based distillery.
2	Engineer Incharge	B.Tech. (Mech.)	Minimum Five years experience of similar plants.
3	Electrical Engineer	B.Tech. / Diploma (Elect.)	Minimum Two years for B.Tech and Five Years for Diploma holder in similar plant.
4	Instrument Engineer	Diploma in Electronic and Instrumentation	Five years experience in DCS operated distillery/chemical plant.
5	Shift Chemist	DIFAT (NSI/VSI)	Minimum Three years experience of similar plants.
6	Quality Control In charge	DIFAT (NSI/VSI) in Alcohol Technology	Minimum Five years experience of similar plants.
7	Fitter/shift	I.T.I. fitter trade	Five years in similar plant
8	Fitter Helper/shift	I.T.I. fitter trade	Fresher with industrial exposer
9	Welder	I.T.I. Welder trade	Minimum Four years experience
10	Electrician/shift	I.T.I. Electrician trade	Minimum Five years experience in modern distillery with captive power
11	Electrician helper/shift	I.T.I. Electrician trade	Fresher with industrial exposer
12	Instrument Mechanic/shift	I.T.I. Instrument trade	Minimum Five years experience in DCS based distillery/chemical plant
13	Instrument helper/shift	I.T.I. Instrument trade	Fresher with industrial exposer
14	Boiler operator/shift	1 st Class Boiler Competency certificate according to Indian boiler act.	Minimum Six years working experience in similar capacity, high press. boiler having DCS control system.
15	Fire Man/shift	Second class boiler competency certificate according to IBR act.	Minimum Three years working experience in similar capacity, high press. boiler having DCS control system.
16	Water attendant	Second class boiler competency certificate according to IBR act.	Minimum Three years working experience in similar capacity, high press. boiler having DCS control system.
17	D.M. Plant/Water treatment attendant	Intermediate Science /B.Sc.	Minimum Five years experience in operation of DM water plant.
18	Pump operator/shift	I.T.I. Electric / fitter trade	Minimum Four years experience in similar capacity.
19	Switch board attendant/ shift	I.T.I. Electric trade	Minimum Five years experience in distillery/chem. plant with captive power plant.
20	Turbine/DG set operator	I.T.I. Electrical / Fitter trade	Minimum Five years experience in similar & DCS controlled turbine.

21	Distillation operator/shift	Intermediate science	5 years experience in multipressure RS/MSDH plant having DCS control system.
22	Fermentation operator/shift	Intermediate science	Minimum Four years experience in similar capacity and in DCS based distillery.
23	Helper for Plant	Minimum High School	Exposure of Distillery
24	Evaporator Operator	Intermediate Science	Minimum Four years working experience in similar capacity plant and in DCS distillery.
25	Condensate Treatment operator/shift	Intermediate Science	Minimum Four years working experience in similar capacity plant and in DCS distillery.
26	Unskilled labours as per requirement.		

Note: The above list is only indicative. The actual requirement of man power (officers, supervisors, operators, maintenance staff etc.) may vary and the service provider may have to deploy additional man power required smooth operation / repair maintenance of the plant and machineries. The party will provide sufficient manpower, as per N.S.I. norms, to operate the distillery as per Qualification in Tender Document

- 4.3 All persons engaged by the service provider directly or indirectly shall be employees of the service provider and it is obligatory on the part of the service provider to cover all their employees under Workman compensation act.
- 4.4 The service provider will be responsible for deduction and payment of EPF and any other statutory liabilities of all workers/staff and distillery unit will not be responsible for any monetary claim or payment to the service provider employees or statutory authorities under the Employees Provident Fund, Family Pension Fund or any other liabilities. Compliance of labor laws and rules will be the sole responsibility of the service provider. The service provider will provide proof of such payment.
- 4.5 Group insurance of the employees of the service provider will be responsibility of the service provider and distillery unit will not be responsible for any claim/compensation, which may be made under the Workmen Compensation Act.
- 4.6 In the event of any accident/causality etc. of the employees of the service provider, the distillery unit will not be responsible and service provider will ensure all safety measures for its employees. In case any claim/compensation arises under Workman Compensation Act/ any other Act, the service provider will be responsible.
- 4.7 The Service provider will ensure that the age of their employees will not be less than 18 years in any case and should be medically fit.
- 4.8 The service provider will withdraw/ replace those Employees, who are not performing the work to the satisfaction of the distillery management for their misconduct and for any other reason, as indicated by the distillery in writing to the service provider, within 48 hours of the said communication. Any damage to the distillery due to sabotage, theft by the employees of Service Provider will be the responsibility of the service provider. If at any time during inspection by the Distillery Management, it is noticed that any untrained personnel is employed who is unfit for the particular job, the Distillery Management will notify the service

- provider to replace the employee which will be binding upon the service provider and he will be replaced within 48 Hrs.
- 4.9 In case due to shortage or inefficient manpower, if work is delayed and not completed in time, the distillery unit will have the right to outsource the same to a third Service provider at the cost and risk of the service provider, without prejudice to other penal provisions against the service provider.
- 4.10 During the continuance of the Agreement, the Service provider shall abide at all times by all existing enactments and rules made there under, regulations, notifications and by laws of the State or Central Government or authority and any other labor law (including rules), regulations, by-laws that are applicable, the Service provider shall keep the distillery indemnified in case any action is taken against the distillery by the competent authority on account of contravention of any of the provisions of any Act or rules made under the regulation or notifications including amendments, if the Distillery unit is caused to pay or reimburse, such amounts as may be necessary to cause or observe, or for non-observance of the provisions stipulated in the notifications/by laws/Acts/Rules/regulations including amendments if any, due to any act or omission in the part of the Service provider, the Distillery shall have the right to deduct money from the service provider's dues/balances including his Security Money/EMD. The Distillery unit shall have the right to recover from the service provider or any sum required or estimated to be required for making good the loss or damages suffered by the Distillery unit. The employees of the Service provider or any person employed for any work indicated in this agreement or indicated thereto, in no case shall be treated as the employees of the Distillery unit at any point of time.
- 4.11 The service provider shall duly comply with the provisions of the Apprentices Act 1961 (III of 1961) the rules made there under and the orders that may be issued from time to time under said Act and the said rules and on his failure or neglect to do so the service provider shall be subject to all liabilities and penalties provided by the said Act and rules.
- 5.00 Accommodation**
- 5.1 As per availability, accommodation for staff of the service provider will be made available free of cost by the Distillery unit.
- 5.2 The electricity for light / fan will be provided on cost basis by the Distillery unit. Service provider staff will not miss use the electricity and water.
- 5.3 All other arrangements like food etc will be made by the Service provider/their employees.
- 6 Damage to Machineries and Equipment: -**
- 6.1 Any damage to machineries or equipments or any other property of the Distillery unit caused out of negligence by the service provider's officers/workmen shall be recoverable from the service provider. The decision of the General Manager, Distillery unit in respect to the damage and the liability arising out of the damage caused, will be final and binding on the service provider. The service provider will be liable to either indemnify the loss or make good of the damage to the satisfaction of the Distillery Management as the case may be.
- 6.2 If any machinery/equipment is damaged or becomes inoperable which affects the warranty of the plant/machinery/equipment, etc. and any financial loss is incurred to Distillery unit such loss shall be recovered /Indemnified by the service provider.

7.0 Payment:

- 7.1 Payment for operation and maintenance shall be made on Fortnightly basis. The payment will be made after verification of bills by Distillery Management as per terms and condition of E-Tender.
- 7.2 Distillery management will verify the GST Credit related to previous Paid Bill is available for utilization then only current presented bill will be processed.
- 7.3 Security money 5% will be deducted from each Monthly Bill. This Deducted Security Money will be refunded after 2 months of successful completion of the contract period.
- 7.4 EMD will be refunded after 6 months of successful completion of the contract.
- 7.5 If Monthly production of R.S. and Ethanol exceeds the minimum-targeted Quantity given above, then the payment will be made on actual production.
- 7.6 If only Ethanol production takes place during routine shutdown period (July, August & September) then the payment will be made to service provider as per approved Rates.

8 Liquidated damages and Penalties:

- 8.1 If, monthly production of RS/ Ethanol is less than the targeted Quantity given above, then the penalty will be recovered from the party (Service Provider) equal to the less production multiplied by the 30% of conversion cost of RS/Ethanol per B.L.
Likewise, if monthly production of Ethanol on running of RS & Ethanol Plant simultaneously, is less than the 2/3 of RS produced Quantity in that month then the penalty will be recovered from the party equal to the less production multiplied by 30% of conversion cost of Ethanol per B.L. If Ethanol production is restricted from distillery management then such number of days & average production during these days will be taken into consideration for penalty calculations.
In case of any emergency or during shut down period (July to September), if only ethanol plant operates separately and monthly production of ethanol is less than the targeted quantity given in the tender document, then the penalty will be recovered from the party equal to the less production multiplied by the 30% of conversion cost of RS/Ethanol per B.L.
- 8.2 If the distillery operation is obstructed due to any negligence, miss operation, shortage of man power etc. and the committed supply of product fails followed by any penalty etc. resulting loss to the distillery, the same will be recovered from service provider.
- 8.3 If any penalty is imposed on distillery by miss operation of ZLD system, Bio-composting, emissions from Boiler etc. by competent authority the same will be recovered from service provider.
- 8.4 Penalty imposed, if any, by excise department for less recovery, excessive conversion loss(From RS to Ethanol) or for any reason related to production and house keeping /arrangement shall be recovered from the service provider.
- 8.5 Penalty imposed, if any, by state/ central pollution control board/Excise Department for non-conforming operation or for any other reason as directed by UPPCB/CPCB then such penalty shall be recovered from the service provider.
- 8.6 If any Penalty is imposed by oil companies on the ground for short supply and production of ethanol is less than targeted production of ethanol (non-availability of stock of ethanol in distillery) then the penalty will be recovered by service provider.
- 8.7 If production of R.S. and Ethanol is adversely affected due to shortage of Molasses and storage problem of alcohol, then the probable production quantity of R.S. and Ethanol will be calculated for such period and will be taken in consideration for calculation of penalty.

8.8 If production of Ethanol is restricted due to less allotment from Oil Companies or insufficiently storage capacity in distillery then, the monthly minimum target of Alcohol production will be considered accordingly.

9.0 Agreement

The Distillery Unit and the service provider will enter into an Agreement within 15 days of the award of contract.

10.0 Arbitration

Solely for the purposes of settlement of any dispute arising between the parties out of this agreement, the contractor shall be treated as an agent of the mill and any dispute arising out and between the parties to this agreement shall be referred to arbitration to the Registrar in accordance with Section 70 of the UP Cooperative Societies Act, 1965.

11.0 Jurisdiction
